Report of Town Clerk

WARRANT FOR ANNUAL TOWN MEETING BRAINTREE, MASSACHUSETTS.

NORFOLK, ss. To either of the Constables of the
Town of Braintree.

Greetings:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the inhabitants of the Town of Braintree, qualified to vote in elections therein, to meet at the polling places in their respective Precincts, to wit:

Polling Place in Precinct 1, Town Hall.

Polling Place in Precinct 2, Legion Building, Hollis Avenue.

Polling Place in Precinct 3, Hose House, Allen Street.

On Monday, the sixth day of March, 1933, at five forty-five o'clock in the forenoon, then and there to bring into the Wardens of their respective Precincts their votes on the official ballot for a Moderator, Town Clerk, a Town Treasurer, one Selectman for a term of three years, one member of the Board of Public Welfare for a term of three years, one member of the Board of Assessors for a term of three years, one Water Commissioner and Commissioner of Sinking Fund for a term of three years, one member of the Municipal Lighting Board for a term of three years, two members of the School Committee for a term of three years, one member of the Board of Health for a term of three years, one member of the Board of Health

for a term of one year, one Sewer Commissioner for a term of three years, one Trustee of Thayer Public Library for a term of one year, one Park Commissioner for a term of three years, a Tax Collector, a Tree Warden, two members of the Planning Board for a term of three years, two members of the Planning Board for a term of three years, one member of the Planning Board for a term of one year, and fifteen Constables.

The polls will be opened at Five forty-five o'clock in the forenoon, and will be closed at three o'clock in the afternoon.

You are further directed to notify and warn the said inhabitants qualified to vote as aforesaid, to meet at the Town Hall in said Braintree on Monday, the thirteenth day of March, 1933, at seven forty-five o'clock in the evening, then and there to act upon the following articles, namely:

Article 1. To choose all Town Officers, except those elected by ballot.

Article 2. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the current financial year.

Article 3. To see if the Town will hold its Treasurer harmless on his bond for any loss which may arise from the failure of any National Bank or Trust Company in which the funds of the Town may be on deposit, said Bank or Trust Company being designated by the Selectmen.

Article 4. To see if the Town will hold its collector harmless on his bond from any loss which may arise from the failure of any National Bank or Trust Company being designated by the Selectmen.

Article 5. To hear and act upon the report of the Several Boards of Town Officers, and any committee the Town may think proper.

Article 6. To see what sum of money the Town will vote to appropriate for the Reserve Fund for extraordinary or unforeseen expenditure during the current year.

GENERAL GOVERNMENT

Article 7. To see what sums of money the Town will vote to appropriate for GENERAL GOVERNMENT for salaries and expenses of the following departments and other purposes, the present year:

1. Finance Committee
2. Selectmen

14. Maintenance of Municipal Buildings:
Town Hall, Central Fire and Police Station and Public Library
15. Auditors
16. Moderator
17. Miscellaneous Expenses.

PROTECTION OF PERSONS AND PROPERTY

Article 8. To see what sums of money the Town will vote to appropriate for the protection of persons and property the present year:

1. Fire Department
- . Fire Alarm System
2. Police Department
- Traffic Signals
3. Wire Department
4. Tree Warden's Department
5. Moth Department
6. Street Lighting
7. Building Inspector
8. Sealer of Weights and Measures
9. Life Guard at Sunset Lake

HEALTH AND SANITATION

Article 9. To see what sums of money the Town will vote to raise and appropriate for Health and Sanitation the present year:

1. Health—General
2. Contagious Diseases
3. Collection of Garbage
4. Dental Clinic
5. Tuberculosis Clinic
6. Inspector of Plumbing
7. Inspector of Animals
8. Vital Statistics
9. Inspector of Milk
10. Inspector of Meats and Provisions
11. Sewer Maintenance
12. Maintenance and Repairs, Norfolk County Hospital.

Article 10. To see what sums of money the Town will vote to raise and appropriate for the Water Department the present year, to be expended by the Board of Water Commissioners, and act on anything relating thereto.

1. To see if the Town will vote to raise and appropriate a sum of money for the extension of Water Mains on Granite Street, from Five Corners to the Quincy Line, or take any action relative thereto.

2. To see if the Town will vote to raise and appropriate a sum of money for the filtration of the Waters of Great Pond, or take any action relative thereto.

3. To see if the Town will vote to raise and appropriate a sum of money for the reconstruction of the dike at Great Pond.

4. To see if the Town will vote to raise and appropriate a sum of money for the maintenance and operation of the Water Department including interest and debt on Water Loans, the same to be taken from the revenue of the Department and the unexpended balance of 1932.

5. To see if the Town will vote to authorize the Selectmen to petition the General Court of the Commonwealth to authorize the Board of Water Commissioners of the Town of Braintree to take, on behalf of the Town of Braintree, in addition to the water rights already established, the whole or any part of the water of Farm Brook or Farm River, so-called, of Cochato Brook, so-called, of Cranberry Brook so-called or of Cranberry Pond so-called, or any other water, waters and lands or any rights in or to the

same or any of them, for the purpose of supplying the inhabitants of the Town of Braintree with water for the extinguishment of fires and for domestic purposes, business purposes or other purposes, or take any action relative thereto.

Article 11. To see if the Town will vote to raise and appropriate any sum or sums of money to be expended under the direction of the Sewer Commissioners for the construction, maintenance and extension of the system of drainage and sewage disposal, or will vote to raise and appropriate any sum or sums of money for the purpose of paying any necessary expenses and liabilities incurred under Chapter 17 of the Acts of 1930 as accepted by the Town, and to authorize the Treasurer, with the approval of the Selectmen, to borrow all or any part of said sums in accordance with the provisions of any General or Special Act authorizing the Town to borrow for such purposes, or to take any action relative thereto.

Article 12. To see what sums of money the Town will vote to raise and appropriate for the Electric Light Department the present year, to be expended by the Board of Electric Light Commissioners, or act on anything relating thereto.

Article 13. To see if the Town will vote to appropriate, from the income of the Electric Light Department, the sum of \$22,266.82 for Depreciation Fund; and the sum of \$307,733.18 together with the unexpended balance of \$8,353.09 of the year 1932 for operating expenses, renewals, repairs and new construction. And to see if the Town will vote to accept from the funds of the Electric Light Department, the sum of \$8,000.00, to assist in reducing the 1933 Tax Levy. If accepted, this amount will be paid to

the Treasury of the Town in four equal installments during the year 1933. Credit for the amount, \$8,000.00, is to apply to the reduction of the old appropriation Account, still carried on the books of the Electric Light Department.

SCHOOLS AND LIBRARIES

Article 14. To see what sum of money the Town will vote to raise and appropriate for the support of the Public Schools, the present year.

1. To see if the Town will vote to raise and appropriate such sum of money as may be necessary for the purpose of purchasing or taking land in Precinct Three for the purpose of constructing a school building thereon, or take any action relative thereto.

2. To see if the Town will vote to raise and appropriate such sum of money as may be necessary for the purpose of purchasing or taking land in Precinct Two for the purpose of constructing a school building thereon, or take any action relative thereto.

3. To see if the Town will vote to raise and appropriate such sum of money as may be necessary for the purpose of purchasing or taking land in Precinct One for the purpose of constructing a school building thereon, or take any action relative thereto.

4. To see if the Town will vote to raise and appropriate sums of money for the purpose of constructing, furnishing and equipping an addition to the High School, and for the making of necessary additions and alterations to the present building incidental thereto, and to authorize the Treasurer, with the approval of

the Selectmen, to borrow all or any part of said sums, in accordance with any General or Special Act authorizing the Town to borrow money for such purposes, or take any action relative thereto.

5. To see if the Town will vote to raise and appropriate sums of money for the purpose of constructing the new school buildings and for the original equipment and furnishing of same. And to authorize the Treasurer, with the approval of the Selectmen, to borrow all or any part of said sums, in accordance with the provisions of any General or Special Acts authorizing the Town to borrow for said purposes, or take any action relative thereto.

6. To see if the Town will vote to raise and appropriate money for the purpose of purchasing or taking land fronting on Cleveland Avenue and adjoining the present Penniman School ground, or take any action relative thereto.

7. ON PETITION. To see if the Town will vote to buy certain land in Precinct Two, and to construct a grade school building thereon (construction work to be done by town residents) and make an appropriation for same.

	<hr/>
	\$606.80

INTEREST AND MATURING DEBT

Article 39. To see what sum of money the Town will vote to appropriate for Interest and Maturing Debt the present year.

MISCELLANEOUS

Article 40. To see if the Town will vote to make application to the General Court to erect and constitute in the Town, representative Town Government, by Limited Town Meetings, and act on anything relating thereto.

Article 41. ON PETITION. To see if the Town will vote to appoint a committee of five to procure from the Legislature permission to submit to the voters of the Town at a special election the question of the adoption of a Town Manager Form of Government, substantially as set forth in the report of a committee submitted to and received by the Town at its 1932 Annual Meeting.

Article 42. ON PETITION. To see whether the Town will vote to pay to Clarence R. Bestick of Braintree, the sum of Two Thousand Three Hundred Dollars and ninety one cents (\$2,300.91) with interest thereon for removing trees and doing other work and furnishing materials in connection with street widenings, sidewalk improvements and things incidental

thereto during the years 1929, 1930 and 1931, and to raise and appropriate a sum of money therefor or take other action with reference thereto.

Article 43. ON PETITION. To see if the Town will vote to direct the Electric Light Department to read meters for the Water Department at the same time that the electric meters are read, nearest to January 1, April 1, July 1, and October 1 of each year, the Water Department to pay the Electric Light Department 25 per cent of the meter reading cost; or in any way act thereon.

Article 44. ON PETITION. To see if the Town will vote to adopt an ordinance limiting the time of work for Town employees, so-called, to seven hours per day, five days per week.

Article 45. ON PETITION. To see if the Town will vote to enact an ordinance limiting the operating of certain construction machines, particularly drills and diggers.

Article 46. ON PETITION. To see if the Town will vote to direct the School Committee to eliminate the Kindergarten grade in all schools at the end of the current school year, or in any way act thereon.

Article 47. ON PETITION. To see if the Town will vote to direct the School Committee to appoint for the coming school year and thereafter, only full time teachers to act as principals of the Grade Schools, or in any way act thereon.

Article 48. ON PETITION. To see if the Town will vote to direct the School Committee to appoint one police officer, as selected by the Chief of Police, from each Precinct to act as attendance officer, in his

precinct, at a compensation not to exceed \$100 each per year, or in any way act thereon.

Article 49. To see what sum of money the Town will vote to raise and appropriate for the purpose of obtaining an expert appraisal of the value of the Real and Personal Property of the Cities Service Refining Company and the Braintree Processing Company, on which to base a just and equitable assessment for taxation purposes; said sum to be expended by and under the Board of Assessors, or take any other action relative thereto.

Article 50. To see if the Town will accept or purchase for one dollar (\$1.00) from the Trustees of the Thayer Academy, or others, certain tracts of land lying along the Monatiquot River, particularly at Commercial Street, East Braintree, for park purposes, or otherwise.

Article 51. To see if the Town will vote to accept, in accordance with the terms thereof, the contributions of certain employees, who have agreed or may agree to contribute a portion of their salaries to the Town Treasury to be expended as a portion of the appropriation for the departments under which they are employed, or any other department of the town, or take any action relative thereto.

Article 52. To see what action the Town will take in regard to giving preference to Braintree residents in employment on all construction work, or any other action relative thereto.

Article 53. To see what disposition the Town will make with reference to surplus funds in the Electric Light Department.

Article 54. ON PETITION. To see if the Town will vote to amend its code of By-Laws by adding and adopting thereto a new article, said article to read as follows: To see if the Town will vote to authorize the Selectmen to establish and create the position of Wire Inspector; to appoint such official, and to appropriate a sum of money for the salary of such Wire Inspector, and act on anything relating thereto.

You are directed to serve this warrant by posting true and attested copies thereof in three public places in each voting Precinct in said Town of Braintree, ten days at least before said sixth day of March, 1933, and by publishing the same once each week for two successive weeks in the Braintree Citizen, the first publication to be at least eight days before said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk before said meeting.

Given under our hands at Braintree, this tenth day of February, in the year of our Lord, one thousand nine hundred and thirty three.

HORACE T. CAHILL,
JOHN H. CAHILL,
HARRY H. BOUSQUET,

Selectmen of the Town of Braintree.

A true copy. Attest:

JOHN J. HEANEY,
Constable of Braintree.

Braintree, Mass., February 18, 1933.

Pursuant to the foregoing warrant, I hereby

notify and warn the inhabitants of the Town of Braintree, qualified as expressed therein, to meet at the time and places mentioned, for the purposes therein mentioned.

JOHN J. HEANEY,
Constable of Braintree.

Braintree, Mass., February 18, 1933.

Pursuant to the foregoing warrant, I have hereby notified and warned the inhabitants of the Town of Braintree, qualified as expressed therein, to meet at the time and place mentioned, for the purposes therein mentioned.

JOHN J. HEANEY,
Constable of Braintree.

Braintree, Mass., March 6, 1933.

In accordance with the foregoing warrant, the voters assembled in their respective Precincts to cast their ballots for the several Town officers named therein.

The polls were opened at five forty-five o'clock in the forenoon and were closed at three o'clock in the afternoon.

The following Election Officers served:

PRECINCT ONE. J. Frank Lane, Warden; J. Raymond Murphy, Clerk; Everett F. Russell, Louis Kaplan, Henry J. Moynihan, Frank A. MacDonald,

Charles H. Roberts, Edward J. Sullivan, Frank M. O'Rourke, Homer L. Walters, Michael P. Novelline, Mary M. Wynot, Francis LeVangie, Ellen V. Tyler, George P. Holmberg and James O'Rourke, Constable.

PRECINCT TWO. James E. Folsom, Warden; John W. Mahar, Clerk; Mabel L. Cox, Mabel L. Kinna, Amy Getchell, Fred T. Smith, Beatrice L. Silver, Charles E. Elliott, Francis J. Mahar, Thomas F. Fitzpatrick, James J. Moody, Harry P. Mace, Kevin B. Dwyer, Frank Mischler, Robert A. Murray and Gustaf Arnoldson, Jr., Constable.

PRECINCT THREE. Thomas Cassidy, Warden; John Riley, Clerk; Edward Libertine, Pedro Christensen, John P. Doucette, Arthur E. Crossman, Earle A. Bigelow, Valentine P. Keeley, Helen Harmon, Arthur Stenberg, Maurice Fitch, John Yourell, William Pillsbury, Samuel McClellan, Richard Spence and Russell Boutin, Constable.

At the opening of the Polls the Ballot Boxes were inspected and found to be empty and the registers set at zero (0). The keys were placed in charge of the Constables of their respective Precincts. The meetings were conducted in like manner and in accordance with the law.

At the close of the polls, when all votes had been canvassed, counted, recorded and ballots sealed according to law, they were then forwarded to the Registrars of Voters, by which Board the figures were tabulated, proved and the result declared.

Number of votes cast was:

Precinct 1	1969
Precinct 2	2105
Precinct 3	1988
Total	6062

Following is the result in detail:

Town Clerk.

PETITION FOR RECOUNT FOR SELECTMAN AND
MEMBER OF BOARD OF PUBLIC WELFARE

March 9, 1933.

To the Registrars of Voters of the Town of Braintree.

We the undersigned voters of the Town of Braintree represent that we have reason to believe and do believe that the records or copies of records made by the Election Officers of said Town of the ballots cast at the Election on March 6, 1933 for the office of Selectman and Board of Public Welfare are erroneous in this respect:

That Edward Avery of Braintree was credited with more votes than were cast for him, and that Harrison W. Bailey of Braintree was credited with less votes than were cast for him, and we believe that

a recount of the ballots cast in said Town will affect the election of

Eward Avery of Braintree
Harrison W. Bailey of Braintree
Jonathan W. French of Braintree,

candidates for Selectman and Board of Public Welfare, voted for at such election.

We therefore request that the votes cast for such candidates for Selectman and Board of Public Welfare be recounted.

The foregoing petition was signed and sworn to by Ernest W. Nelson and eighteen other registered voters of the Town of Braintree.

A true copy. Attest:

ERNEST C. WOODSUM

Town Clerk.

PETITION FOR RECOUNT FOR BOARD OF
HEALTH (3 YEAR TERM)

March 9, 1933.

To the Registrars of Voters of the Town of Braintree.

We the undersigned voters of the Town of Braintree represent that we have reason to believe and do believe that the records or copies of records made by the Election Officers of the said Town of the ballots cast at the election on March 6, 1933 for the office of Board of Health are erroneous in this respect. That

Thomas J. Henshon was credited with more votes than were cast for him, and Kennneth G. Blodgett was credited with less votes than were cast for him, and we believe that a recount of the ballots cast in the said Town will affect the election of:

Kenneth G. Blodgett, Archibald G. Day, Thomas J. Henshon and Thomas B. Hutchinson, Candidates for Board of Health (3 year term) voted for at such election.

We therefore ask that the votes cast for such candidates for the office of Board of Health (3 year term) be recounted.

The foregoing petition was signed and sworn to by Clarence W. Dow and twelve other registered voters of the Town of Braintree.

A true copy. Attest:

ERNEST C. WOODSUM

Town Clerk.

PETITION FOR RECOUNT FOR TAX COLLECTOR

To the Registrars of Voters of the Town of Braintree.

We the undersigned voters of the Town of Braintree, represent that we have reason to believe that the records or copies of records made by the Election Officers of said Town of the ballots cast at the election on March 6, 1933 for the office of Tax Collector are erroneous in this respect;

That Otis B. Oakman of Braintree was credited with more votes that were cast for him, and George H. Gerrior, Jr. of Braintree was credited with less votes than were cast for him, and we believe that a recount of the ballots cast in said Town will affect the election of

George H. Gerrior, Jr. of Braintree and Otis B. Oakman of Braintree, voted for at such election.

We therefore ask that the votes cast for such candidates for Tax Collector be recounted.

The foregoing petition was signed and sworn to by Victor E. Swanson and ten other registered voters of the Town of Braintree.

A true copy. Attest:

ERNEST C. WOODSUM
Town Clerk.

RECOUNT

In accordance with the foregoing petitions, March 14, 1933, at 9 o'clock in the forenoon was set for the date and time of the recount.

The recount was conducted by the Board of Registrars.

The result was as follows:

Total ballots cast

ERNEST C. WOODSUM

Town Clerk.

March 13, 1933.

The Annual Town Meeting was called to order at 7:45 P. M. by Moderator William F. Rogers. Voters checked on entering building. Amplifiers installed throughout lower hall and lobbies for the convenience of the voters.

ARTICLE 1.

Voted: to elect three Measurers of Wood and Weighers of Hay. Charles G. Sheppard, Wilford F. Woodsum and R. Allen Gage elected.

ARTICLE 2.

Voted: that the Town Treasurer, with the approval of the Selectmen be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1933, and to issue a note or notes therefor, payable within one year and to renew such note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44 of the General Laws. Any debt or debts incurred under this vote to be paid from the revenue of said financial year.

Mr. Foley moved: that one week from tonight, the Treasurer submit the names of banks, rates of interest, or any unusual conditions, or any changes made on temporary loans including the outstanding amount of \$325,000.00 January 1, 1932, Loans made during the year 1932, and present status with regard to outstanding loan of \$375,000.00 January 1, 1933 and submit rate of interest on each loan, original condition under which made, and any subsequent change. So voted.

ARTICLE 3.

Voted: that the Town Treasurer be and is hereby made custodian of all moneys of the several departments of the Town. The Board of Water Commissioners are hereby instructed to elect the Treasurer of the Town, Treasurer of the Water Department. The Electric Light Commissioners are hereby instructed to elect the Treasurer of the Town, Treasurer of the Electric Light Department. The Selectmen are hereby instructed to require from the Treasurer such a bond as in their judgment is necessary for the safety of such moneys; that the Treasurer be held harmless on his bond from any loss caused by the failure of any national Bank or Trust Company in which the funds of the Town may be on deposit, with the approval of the Board of Selectmen.

ARTICLE 4.

Voted: that the Tax Collector be held harmless on his bond from any loss caused by the failure of any National Bank or Trust Company in which the funds of the Town may be on deposit, with the approval of the Board of Selectmen.

ARTICLE 5.

Moved that this Article be taken up in conjunction with the other articles in the Warrant. So voted.

Under Article 5: Mr. Bartlett offered the following resolution: WHEREAS The world is passing through the greatest financial and economic disturbance of modern history: and

WHEREAS This condition has brought about a crisis in the affairs of our entire nation; and

WHEREAS The President of the United States, in his inaugural address and in his Economy Message to the Congress has proclaimed the necessity for a drastic reduction in the expense of Government, Federal, State and Local, and has asked the Congress for a grant of extraordinary powers to enable him to accomplish this result in the Federal Government; and

WHEREAS The lower branch of the Congress of the United States has voted to support the President by authorizing a reduction of Federal Expenditures including a reduction of 15% in Federal salaries; and

WHEREAS The Town of Braintree is faced with the same need of econocy in its affairs as prevails in the Federal Government, and in particular as follows:

(A) The expenses of the Town must be reduced to a point within the ability of the taxpayers to meet their tax bills.

(B) The Town collected only about 54% of the taxes levied against its taxpayers in 1932.

(C) The Town spent in 1932 about \$107,000 more than it received, thereby reducing its general cash balance by that amount.

(D) The ability of the taxpayers to meet their tax bills will probably be less in 1933 than in 1932.

(E) The interests of the Town require that every effort be made to maintain its credit standing; and

WHEREAS The Finance Committee of the Town has made a careful and exhaustive study of the financial affairs of the town and has pointed out in its re-

port the need of a drastic reduction in expenditures for the year 1933; now therefore

BE IT RESOLVED, THAT it is the sense of this meeting that the recommendations of the Finance Committee as contained in its report be approved and followed by this Town Meeting. So voted—8:15 P. M.

Under Article 5: Mr. Lawrence offered the following resolution: WHEREAS, the report of the Finance Committee recommends 15% reduction in the salaries and wages of the officials and employees in the different Town departments, and

WHEREAS, the various divisions, including the full complement of permanent officials and employees of the Town of Braintree have submitted a proposition to contribute to the general fund of the Town of Braintree by assignment to the Town Treasurer an amount equal to one-tenth of the sum of each respective salary or wage for the period commencing April 1, 1933, to December 31, 1933, and

WHEREAS, there exists a public spirited interest and loyalty between the Town of Braintree and its officials

BE IT RESOLVED, THAT the Town of Braintree, in its general town meeting assembled, commend the spirit of willingness and co-operation thus shown by its several officials and employees and accepts their offer to contribute one-tenth of their respective salaries for the period stated in lieu of all other recommendations for salary reductions.—Not carried.—8:21 P. M.

ARTICLE 6.

Voted to appropriate for the Reserve Fund for extraordinary or unforeseen expenditure during the current year—\$5,000.00. Carried.

Mr. Roberts moved that Article 51 be taken up in conjunction with other articles in the Warrant.

Not carried.

Motion: That all appropriations under Article 9
be reconsidered—Not carried—10:09 P. M.

ARTICLE 10.

1. Mr. Hunt moved: No action—So voted.

2. Voted: That there be raised and appropriated the sum of \$75,000.00 for the purpose of constructing, equipping, grading, and putting in operation a filtration and purification plant at Great Pond and that to meet the said appropriation the sum of \$75,000.00 be taken from the surplus of the water revenues and the revenues of the department for the year 1933. So voted.

3. Mr. Hunt moved: Indefinite postponement. So voted.

4. Voted: That there be appropriated the sum of \$9,760.00 for bonds and interest and \$70,240.00 for the maintenance and operation of the water supply system, laying and relaying of water mains, including \$255.00 for the salaries of 3 water commissioners, the same to be taken from the surplus of the water revenues as shown on the books for the year 1932, and from the revenues of the department for the year 1933. So voted—10:11 P. M.

5. Mr. Hunt moved: That the Town authorize the Selectmen to petition the General Court of the Commonwealth to authorize the Board of Water Commissioners of the Town of Braintree to take, on behalf of the Town of Braintree, in addition to the water rights already established, the whole or any part of the water of Farm Brook or Farm River, so-called, of Cochato Brook so-called, of Cranberry Brook so-called or Cranberry Pond so-called or any other water, waters and lands or any rights in or to the same or any of them, for the purpose of supplying the inhabitants of the Town of Braintree with water for the

extinguishment of fires and for domestic purposes, business purposes or other purposes.

Mr. Colbert offered as an amendment: With such exemptions as are contained in the charter of the Braintree Water Supply Company. So voted.

Mr. Hunt's original motion, as amended, carried —10:26 P. M.

Motion of Mr. Buker to adjourn—Not carried.

ARTICLE 11:

1. Moved: That there shall be raised and appropriated the sum of \$100,000.00 for the purpose of paying the expenses and liabilities incurred or to be incurred under Chapter 17 of the Acts of 1930 in the construction of sewers for sanitary purposes with such connections and other works as may be required for a system of sewage disposal, and that to meet the appropriation, the sum of \$7,000.00 shall be included in the tax levy of this year, and the remaining \$93,000.00 shall be raised by the issue of \$50,000.00 in bonds or notes of the Town pursuant to Chapter 17 of the Acts of 1930, and \$43,000.00 in bonds or notes of the Town pursuant to Chapter 44 of the General Laws, and the Treasurer, with the approval of the Selectmen, is hereby authorized to issue and sell the said bonds or notes and each of the said classes of bonds or notes shall be payable in accordance with the provisions of Section 19 of the said Chapter 44, and within 30 years from the date of the first bond or note, as the Treasurer with the approval of the Selectmen may determine, the said \$50,000.00 bonds or notes shall bear on their face—"Braintree Sewerage Loan—Act of 1930"—the sums hereby appropriated shall be spent under the direction of the Sewer Commissioners.

Mr. Cavanaugh offered the following amendment: That the matter be referred back to the Sewer Commissioners and the Appropriation Committee and report one week from tonight. Not carried.

There being 706 in the affirmative and 4 in the negative, the original motion was carried—11:04.

Mr. Howland moved the reconsideration of Article 11—Item 1—Not carried.

2. Mr. Hunt offered the following Resolution—
BE IT RESOLVED: That it is the sense of the citizens in Town Meeting assembled that unemployed labor, residents of the Town, be employed upon sewer construction work, and the rate of pay shall be 50c per hour except a superintendent and masonry labor, and that all supplies, so far as practicable, shall be bought by competition between Braintree business men.

Mr. Baker offered the following amendment: That the phrase “and masonry labor” be stricken from the resolve. Carried.

The original resolution as amended—Carried.

Mr. Hunt moved to adjourn until 7:45 P. M. on Monday, March 20, 1933—Carried 11:14 P. M.

A true copy. Attest:

ERNEST C. WOODSUM,
Clerk.

March 20, 1933.

The adjourned Town Meeting was called to order at 7:45 P. M. by Moderator William F. Rogers. Voters checked on entering building. Amplifiers installed throughout lower hall and lobbies for the convenience of the voters.

Mr. Hunt moved that the reading of the records of the last session be dispensed with. Carried.

UNDER ARTICLE 5.

Mr. Oakman rendered a report regarding loans and interest charges, in answer to the questions asked by Mr. Foley under Article 2.

ARTICLE 12.

No action—Carried 8:05.

ARTICLE 13.

Voted to appropriate from the income of the Electric Light Department the sum of \$22,266.82 for depreciation fund and the sum of \$307,733.18, together with the unexpended balance of \$8,353.09 of the year 1932 for operating expenses, renewals, repairs, new construction and for payment to the Treasury of the Town for the purpose of reducing the tax levy, the sum of \$8,000 of the said unexpended balance, the said \$8,000 to be applied to the reduction of the old appropriation account still carried on the books of the Electric Light Department. Unanimous vote. 8:09.

SCHOOLS AND LIBRARIES

Mr. Higgins moved the consideration of Articles 46, 47 and 48 inasmuch as whatever action the Town may take on any of these might effect Article 14. Carried.

ARTICLE 46.

Mr. Hunt Moved: No action. There being 673 in the affirmative and 136 in the negative, the motion was carried. 8:40.

Mrs. McPeak moved the immediate reconsideration of Article 46. Not carried.

ARTICLE 47.

Mr. Hunt Moved: That the Town direct the School Committee to appoint for the coming school year and thereafter, only full time teachers to act as principals of the Grade Schools. Carried 9:20.

Mr. Lakin moved the reconsideration of Article 47. Not carried

ARTICLE 48.

Mr. Hunt Moved: No action. Carried 9:21.

ARTICLE 14.

Voted to raise and appropriate the following sums of money for the support of the Public Schools, the present year:

SCHOOLS:

Salaries including Teachers'

Salaries	\$219,540.00
Expenses and Maintenance ..	50,703.00

ARTICLE 14.

1. No action. Carried 9:34.

2. No action. Carried.

3. No action. Carried.

4. No action. Carried.

Mr. Roberts moved the reconsideration of Article 14—Item 4. Not carried—9:42.

5. No action. Carried.

6. No action. Carried.

7. No action. Carried.

ARTICLE 15.

Voted to appropriate for the Public Library, the following sums of money:

Salaries	\$5,253.00
Books & General Expenses	5,132.00

\$10,385.00

This sum to include dog tax of \$1,537.22.

Mr. Hunt offered the following resolution—**RESOLVED:** That it is the sense of this Meeting that the Town discontinue the payment of home telephone bills incurred by Department Heads or employees of all Town Departments. Carried 9:46.

Mr. Hunt offered the following resolution—**WHEREAS:** The cost of insuring the buildings and their contents owned by the Town against loss by fire is of considerable expense to the tax payers, and,

WHEREAS: During the past fifteen years or more the actual damage to town property caused by fire has been insignificant compared with the total premium paid by the town during said period, be it

RESOLVED: That a committee of five be appointed by the moderator to report to the town at its next annual meeting what reduction, if any, they would recommend after a proper survey, in the amount of Fire Insurance to be carried on town property, and the saving that would result from any such reduction. Be it further

RESOLVED: That said committee investigate and further report at said annual Town Meeting what advantage, if any, would accrue to the town if by authority of its acceptance of Section 13, Chapter 40 of the General Laws it voted to establish and maintain a municipal building insurance fund. Carried 9:48.

PUBLIC WELFARE

ARTICLE 16.

Voted to appropriate the following sums of money for the Public Welfare Department, the present year:

1. BOARD OF PUBLIC WELFARE:

Salaries of Board—Mr. Hunt moved the appropriation of \$510.00.

Mr. Taylor offered the following amendment: That the sum of \$300.00 be appropriated for the Salaries of the Board.—Not carried.

Town Clerk.

WARRANT FOR SPECIAL STATE ELECTION
THE COMMONWEALTH OF MASSACHUSETTS

NORFOLK ,ss. To either of the Constables of
the Town of Braintree.

Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Braintree, qualified to vote in elections therein, to meet at the polling places in their respective Precincts, to wit:

Polling Place in Precinct 1, Town Hall

Polling Place in Precinct 2, Legion Building, Hollis Avenue

Polling Place in Precinct 3, Hose House, Allen Street.

On Tuesday, the thirteenth day of June, 1933, at three o'clock in the afternoon, then and there to bring in to the Wardens of their respective Precincts, their votes on the official ballot for the Election of Delegates to a Constitutional Convention called to Ratify or Reject the following Amendment to the Constitution of the United States, proposed by Joint Resolution of Congress.

TEXT OF THE PROPOSED AMENDMENT

"SECTION 1. The eighteenth article of amendment to the Constitution of the United States is hereby repealed.

"Section 2. The transportation or importation into any State, Territory, or possession of the United States for delivery or use therein of intoxicating liquors, in violation of the laws thereof, is hereby prohibited.

"SECTION 3. This article shall be inoperative unless it shall have been ratified as an amendment to the Constitution by conventions in the several States, as provided in the Constitution, within seven years from the date of the submission hereof to the States by the Congress."

Also, to vote on the following question on the same ballot:

"Shall licenses be granted in this town for the sale therein of wines and malt beverages?"

And the polls will be closed at eight o'clock in the evening.

You are directed to serve this warrant by posting true and attested copies thereof in three public places in each precinct in said Town of Braintree, ten days at least before said thirteenth day of June, 1933, and by publishing the same once each week for two successive weeks in the Braintree Citizen, first publication to be at least eight days before said meeting.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the Town Clerk before said meeting.

Given under our hands at Braintree this first day of June, in the year of our Lord one thousand nine hundred and thirty three.

JOHN H. CAHILL
HORACE T. CAHILL
EDWARD AVERY

Selectmen of Braintree.

A true copy. Attest:

JOHN J. HEANEY

Constable of Braintree.

Braintree, Mass., June 2nd, 1933.

Pursuant to the foregoing warrant, I hereby notify and warn the inhabitants of the Town of Braintree, qualified as expressed therein, to meet at the time and place mentioned, for the purpose therein mentioned.

JOHN J. HEANEY

Constable of Braintree.

SPECIAL STATE ELECTION

Braintree, Mass., June 13, 1933.

In accordance with the foregoing warrant, the voters of the Town of Braintree assembled in their several Precincts to cast their ballots for the election of three delegates to a Constitutional Convention called to Ratify or Reject the above mentioned Amendment to the Constitution of the United States, proposed by joint Resolution of Congress also to vote YES or NO on the following question: "Shall licenses be granted in this Town for the sale therein of wines and malt beverages?"

The official ballots were delivered to the Wardens of the several Precincts and receipted for.

The polls in all Precincts were opened at 3 o'clock in the afternoon and were closed at 8 o'clock in the evening.

The following Election Officers served:

PRECINCT 1. J. Frank Lane, Warden; J. Raymond Murphy, Clerk; Kenneth H. Roberts, Francis LeVangie, Everett F. Russell, Benjamin Kaplan and James O'Rourke, Constable.

PRECINCT 2. James E. Folsom, Warden; James J. Moody, Clerk; Amy A. Getchell, Mabel L. Kinna, Charles E. Elliott, J. Edward Kingsbury, and Gustaf Arnoldson, Constable.

PRECINCT 3. Thomas Cassidy, Warden; John Riley, Clerk; William R. Pillsbury, John H. Yourell, Earle A. Bigelow, Pedro C. Christensen and Deane C. Wilder, Constable.

The ballots were counted, record made of the votes for each candidate, also the vote on the question submitted, according to law and the result declared in each Precinct.

The ballots, check lists, etc, were sealed and labeled according to law. The returns were then forwarded to the Town Clerk's office where the figures were tabulated and the result of the total vote announced.

The result of the ballot was as follows:

Total number of votes cast 2186

WARRANT FOR SPECIAL TOWN MEETING

THE COMMONWEALTH OF MASSACHUSETTS

NORFOLK, ss. To either of the Constables of the
Town of Braintree.

Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Braintree, qualified to vote in Town affairs, to meet at the Town Hall, in said Braintree.

On Monday, the twenty-seventh day of November 1933, at seven forty-five o'clock in the evening, to act on the following articles, namely:

Article 1. To see if the Town will vote in accordance with Section 7, Chapter 17 of the Acts of 1930, and the provisions of General Laws, Chapter 83 and the Amendments thereto, what proportion of the estimated cost of its system or systems of sewerage and sewage disposal the Town will pay, or take any action relative thereto.

Article 2. To see if the Town will vote in accordance with Section 7, Chapter 17 of the Acts of 1930, and the provisions of General Laws, Chapter 83 and the Amendments thereto, by which of such methods the remaining portion of the estimated cost of the Town's system or systems of sewerage and sewage disposal shall be provided for, or take any action relative thereto.

Article 3. To see if the Town will vote to raise and appropriate a sum of money for a sewer house connection working fund, or take any action relative thereto.

Article 4. To see if the Town will vote to raise and appropriate a sum of money, to be expended under the direction of the Sewer Commissioners, in ac-

cordance with the provisions of Chapter 17 of the Acts of 1930, for the construction of sewers for sanitary purposes, and authorize the Selectmen to petition the Federal Government for a grant of money under the National Industrial Recovery Act, and accept grant, and to provide by borrowing or otherwise, any sum of money that is required to be raised by the Town for completing said project, or take any action relative thereto.

Article 5. To see if the Town will vote to raise and appropriate a sum of money to be expended under the direction of the School Committee for the purpose of constructing, furnishing and equipping an addition to the High School, and for the making of necessary additions and alterations to the present building incidental thereto; and authorize the Selectmen to petition the Federal Government for a grant of money under the National Industrial Recovery Act and accept such grant; and to provide by borrowing or otherwise, any sum of money that is required to be raised by the Town for completing said project, or take any action relative thereto.

Article 6. To see if the Town will vote to accept ARGYLE ROAD, from Gordon Road to Trefton Drive, as laid out by the Board of Survey, and raise and appropriate a sum of money for the improvement of said way, or take any action relative thereto.

You are directed to serve this warrant by posting true and attested copies thereof in three public places in each voting precinct in said Town of Braintree, ten days at least before said twenty-seventh day of November 1933, and by publishing the same once in each week for two successive weeks in the Brain-

tree Citizen and the Braintree Observer, first publication to be at least eight days before said meeting.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the Town Clerk before said meeting.

Given under our hands at Braintree, this fifteenth day of November, in the year of our Lord one thousand nine hundred and thirty-three.

JOHN H. CAHILL
HORACE T. CAHILL
EDWARD AVERY

Selectmen of the Town of Braintree.

A true copy. Attest:

JOHN J. HEANEY
Constable of Braintree.

Braintree, Mass., November 17, 1933.

Pursuant to the foregoing warrant, I hereby notify and warn the inhabitants of the Town of Braintree, qualified as expressed therein, to meet at the time and place mentioned, for the purposes therein mentioned.

JOHN J. HEANEY
Constable of Braintree.

Braintree, Mass., November 17, 1933.

Pursuant to the foregoing warrant, I have hereby notified and warned the inhabitants of the Town of Braintree, qualified as expressed therein, to meet at the time and place mentioned, for the purposes therein mentioned.

JOHN J. HEANEY
Constable of Braintree.

SPECIAL TOWN MEETING

November 27, 1933.

A Special Town Meeting was called to order at 7:50 P. M. by Moderator William F. Rogers. Voters checked.

ARTICLE 1. Mr. Grady moved: That in accordance with Section 7, Chapter 17 of the Acts of 1930, and the provisions of General Laws Chapter 83 and the Amendments thereto, the Town shall pay forty (40) per cent of the estimated cost of its system or systems of sewerage and sewage disposal.

Mr. Young offered the following Amendment: That the Town Tax Levy absorb only 25 % of the cost of the sewer instead of 40 %.

Mr. Lakin moved the previous question—8:53. Not carried.

Amendment as offered by Mr. Young—Not carried—8:53.

Original motion of Mr. Grady—Carried. 8:59.

ARTICLE 2. Mr. Grady moved: That in accordance with Section 7 Chapter 17 of the Acts of 1930, and the provisions of General Laws Chapter 83 and the Amendments thereto, the remaining portion of the estimated cost of the Town's system or systems of sewerage and sewage disposal shall be provided for as follows:

Assessments shall be made upon owners of the land according to the frontage of such land on any way in which a sewer is constructed at the rate of one dollar (\$1.00) per linear foot of such frontage, and according to the area of such land within a fixed depth of one hundred (100) feet from such way at the rate of one cent (\$0.01) per square foot of such area, these rates having been found and determined to be each one-half ($\frac{1}{2}$) of the estimated remaining cost.

Mr. Foley offered the following Amendment: Strike out the words—one dollar (\$1.00) and insert sixty cents (\$0.60) and strike out the words one cent (\$0.01) and insert one mill (\$0.001). Not carried. 9:10.

Original motion of Mr. Grady—Carried. 9:12.

ARTICLE 3. Mr. Grady moved: That there be raised and appropriated the sum of \$4500.00 to be used for a house sewer connection working fund until the annual Town Meeting in March, 1934, said sum to be transferred from the overlay surplus. So voted.

ARTICLE 4. Mr. Grady moved: That there be raised and appropriated the sum of \$150,000.00 to be expended under the direction of the Sewer Commissioners in accordance with the provisions of Chapter 17 of the Acts of 1930, for the construction of sewers for sanitary purposes; and to meet said appropriation the treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow said sum and to issue bonds or notes of the Town therefor, said bonds or notes to be payable in accordance with the National Industrial Recovery Act, and, in so far as not inconsistent with said Act, in accordance with

Chapter 366 of the Acts of 1933 and Chapter 44 of the General Laws. The whole loan shall be paid in not more than twenty years or at such period as may be determined by the Emergency Finance Board referred to in said Chapter 366 of the Acts of 1933.

All money granted by the Federal Government under the National Recovery Act on account of such project shall be applied to the extinguishment of the serial bonds or notes maturing earliest, together with interest, and during such period, estimated at four years, as the amount of the grant shall allow.

Unanimous vote—9:29.

ARTICLE 5—Mr. Higgins moved: That there be raised and appropriated the sum of \$275,000.00 for the purpose of constructing, furnishing and equipping an addition to the High School, and for the making of necessary additions and alterations to the present building incidental thereto. All money received from the Federal Government under the National Industrial Recovery Act on account of such project shall be applied to meet the appropriation herein made, and to meet the balance of said appropriation the Treasurer, with the approval of the Selectmen, shall be authorized to borrow, (under Chapter 55, Section 1, Acts of 1931,) said sum, and to issue bonds or notes to be payable in accordance with the National Industrial Recovery Act and, insofar as not inconsistent with said act, in accordance with Chapter 366 of the Acts of 1933, and Chapter 44 of the General Laws. The whole loan shall be paid in not more than twenty years, or at such period as may be determined by the Emergency Finance Board, referred to in said Chapter 366 of the Acts of 1933.—Not Carried 9:40.

Mr. Grady moved Indefinite postponement—
Carried.

ARTICLE 6—Moved that the Town accept Argyle Road, from Gordon Road to Trefton Drive, as laid out by the Board of Survey—Carried 9:50.

Motion to adjourn. So voted 9:50.

THE COMMONWEALTH OF MASSACHUSETTS
DEPARTMENT OF CORPORATIONS AND
TAXATION

Division of Accounts

REPORT OF AN AUDIT

of

THE ACCOUNTS OF

TOWN OF BRAINTREE

FOR THE PERIOD FROM

JANUARY 1, 1931 TO DECEMBER 31, 1932

Made in accordance with the Provisions of

Chapter 44, General Laws.

March 7, 1933.

The Commonwealth of Massachusetts
Department of Corporations and Taxation

Division of Accounts

State House, Boston.

Henry F. Long,
Commissioner

Theodore N. Waddell,
Director of Accounts

March 7, 1933.

To the Board of Selectmen

Mr. Horace T. Cahill, Chairman

Braintree, Massachusetts.

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the Town of Braintree for the period from January 1, 1931 to December 31, 1932, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Edward H. Fenton, Chief Accountant of this Division.

Very truly yours

THEODORE N. WADDELL

Director of Accounts.

Mr. Theodore N. Waddell, 
Director of Accounts,

Department of Corporations and Taxation,
State House, Boston.

Sir:

As directed by you I have made an audit of the books and accounts of the Town of Braintree for the period from January 1, 1931 to December 31, 1932, and submit the following report thereon:

The financial transactions of the town, as recorded on the books of the several departments receiving or disbursing money for the town or committing bills for collection, were examined and reconciled with the books and records in the town accountant's office.

The books and accounts in the town accountant's office were examined and checked in detail. The recorded receipts were checked and reconciled with the treasurer's records, and the recorded disbursements were checked with the warrants approved by the selectmen and with the treasurer's books. The ledger accounts were analyzed, the necessary correcting and adjusting entries were made, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town as of December 31, 1932.

In checking the original vouchers and pay-rolls on file it was noted that the assessors have received

additional compensation for furnishing tax title descriptions to the collector. The salaries of the Assessors are fixed annually by vote of the town as required by Section 108, Chapter 41, General Laws, and the compensation thus voted is presumed to be in payment for all services rendered by them in their official capacity.

Payments were found to have been made for expenses incurred by the Assessors and the manager of the light department in travel outside the Commonwealth on official business. In accordance with the provisions of Clause 34, Section 5, Chapter 40, General Laws, no such expenditures should be made unless the town specifically provides appropriations for travel outside the State by officials or employees of particular departments; and the vouchers submitted for payment of such expenses should be properly itemized for verification purposes.

The practice of paying the appropriation for Memorial Day observance to local patriotic organizations for disbursement by them should be discontinued. This appropriation, like any other town appropriation, should be disbursed by the town treasurer on authority of detailed vouchers submitted to the town accountant and placed on the warrant for payment, as provided in Section 56, Chapter 41, General Laws.

An examination of the municipal light bills indicated that expenditures are being made by the town towards premiums for life and health insurance which is being carried on municipal light department employees on a contributory basis. As this is not a purpose for which towns are authorized to appropriate money under Section 5, Chapter 40, General Laws, no further expenditures of this nature should be made.

It appears also that the workmen's compensation policy carried in behalf of the municipal light department covers all the employees of the department, although Sections 68 to 75, Chapter 152, General Laws, extend the provisions of compensation insurance for municipal employees to laborers, workmen, and mechanics only.

It was also found that in 1932 an addition to the electric light plant and certain other improvements to the extent of \$73,000 were contracted for, without authorization from the town, by the electric light commission. Of this amount the sum of \$54,000 was paid from the electric light depreciation account and the balance of \$19,000 was charged to the maintenance and operation account. Enlargement of the electric light plant may be made only in accordance with the provisions of Section 41, Chapter 164, General Laws, which read as follows:

A city or town owning such a plant shall not, except by a vote taken in the manner prescribed in section eight of chapter forty-four, reconstruct, enlarge or extend the same beyond the necessary and ordinary maintenance, repair and replacement thereof, or the provision of increased appliances necessary to distribute gas or electricity to new consumers.

It was noted that the purchase of a sidewalk snowplow tractor was authorized by the Selectmen under a vote passed February 5, 1932, and charged to the appropriation for snow removal in 1932. Departmental equipment should be purchased only on authority of a town meeting vote specifically appropriating money for that purpose.

The books and accounts of the town treasurer were examined and checked in detail. The receipts, as recorded on the cash book, were checked with the reports to the town accountant and with the departmental records, while the payments by the treasurer were compared with the warrants of the selectmen authorizing them and with the accountant books.

The treasurer's cash book was analyzed and footed, and the cash balance was verified by an actual count of the cash in the office and by reconciliation of the bank accounts with statements received from the several banks of deposit, with the savings bank deposit books and with the several certificates of deposits of the Municipal Light and Water Departments.

Appended to this report are tables showing a reconciliation of the treasurer's cash.

The payments on account of debt and interest were proved with the amounts falling due and with the cancelled bonds and coupons on file. The outstanding debt was listed and verified by a comparison with the books.

The tax title deeds on file were examined and listed, and the necessary adjusting entries were made to bring the accountants ledger account into agreement with the deeds as listed.

The books and accounts of the tax collector were examined and checked. The commitments of taxes and assessments were proved with the warrants of the assessors' records of abatements granted, the collections were compared with the payments as recorded on the treasurer's books, and the outstanding accounts were listed and proved with the accountant's books.

The outstanding accounts were further verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct. Appended to this report are summary tables of the tax accounts.

The financial accounts of the town clerk were examined. The records of sporting and of dog licenses issued were checked, and the payments to the Division of Fisheries and Game and the county treasurer were verified. Since it was noted that the town clerk retained certain fees collected by him in 1932, it is recommended that the town, in fixing the town clerk's salary as required by law, determine the aggregate compensation that may be paid to him, in accordance with the provisions of Secion 26, Chapter 46, General Laws.

The books and accounts of the Municipal Light Department were examined and checked in detail. The payments to the treasurer were verified, and the outstanding accounts were listed and reconciled to the accountant's ledger.

Further verification of the outstanding accounts was made by mailing notices to a number of persons whose names appeared on the books as owing money to the electric light department. Claims from several persons to the effect that their bills had been paid and not credited, were investigated, and it was found that bills aggregating \$51.97 had been paid to a former employee, who later acknowledged the receipt of this money by paying it over to the town on February 13, 1933.

Appended to this report are tables showing summaries of the electric light accounts receivable.

The books and accounts of the water department were examined and checked in detail. The recorded receipts were compared with the consumers' accounts, the payments to the treasurer were verified by a comparison with the treasurer's books, the outstanding accounts were drawn off, and the necessary adjusting entries were made to reconcile them with the accountant's ledger accounts.

Tables showing a reconciliation of the water department accounts are appended to this report.

The savings bank books and securities representing the investment of the trust funds in the custody of the town treasurer and the trustees of the library were personally examined and listed. The income was proved and the disbursements were verified.

In addition to the departments and accounts mentioned, the accounts of all other departments collecting money for the town were examined, and the payments to the treasurer were verified by a comparison with the treasurer's books.

The surety bonds of the various officials for the faithful performance of their duties were examined and found to be in proper form.

For the co-operation extended by the several town officials during the process of the audit, I wish, on behalf of my assistants and for myself to express appreciation.

Respectfully submitted

EDWARD H. FENTON

Chief Accountant

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

Honorable Board of Selectmen,
Braintree, Massachusetts.

Gentlemen:

In compliance with your request, I submit the following report of the Department of Sealer of Weights and Measures, for the year ending December 15, 1933.

I have tried most earnestly during the year just passed to perform the duties of the office in an impartial and fair manner, and therefore be just to all parties concerned. I have found our merchants most courteous and willing to comply with the laws in relation to the sealing of weights and measures and inspections.

Appropriation	\$625.00
Transportation & Expenses	198.42
Salary	425.00
Received and Paid Treasurer:	
Sealing Fees	189.00
Junk Licenses—\$60.00 Due—\$40.00	
Paid	40.00
Hawker	75.00
Total	<u>\$304.40</u>

Inside and Outside Work

Scales Tested and Found Correct	276
Scales Tested and Condemned and Not sealed	11
Weights Tested and Found Correct . . .	224
Scales Tested and Adjusted	82
Weights Tested and Condemned	4
Liquid Measures Tested and Found Correct	136
Liquid Measures Tested and Condemned	10
Measuring Pumps Found Correct	47
Oil Measuring Pumps Sealed	104
Oil Measuring Pumps Not Sealed	126
Slot Weighing Machines Sealed	11
Apothecary Weights	44

Number of Inspections Made from December 10, 1932
to December 15, 1933.

Total Number of Inspections made 341
In Conclusion

I have tried to make this department a truly public service department and have earnestly endeavored, to extend its influence in the closest manner possible to the people, thereby affording them every opportunity to protect themselves against insufficient weights and measures.

Respectfully submitted,

CHARLES S. HANNAFORD,
Sealer of Weights and Measures.

Examined and approved as outlined above.

DEPARTMENT OF PUBLIC WELFARE

To the Honorable Board of Selectmen and Public Welfare.

Gentlemen:

The following report is submitted for the year ending December 31, 1933.

Number of Cases Aided	433
Persons Involved	1883
Cases Aided in 1933 who were aided in 1932 ..	275
New Cases in 1933	156
Cases Closed	365
Now Aiding	68

Braintree Settlements Residing Here	12
Braintree Settlements Residing Elsewhere	1
No Known Settlements	1
New Cases	2
Cases Closed	1
Now Aiding	12

Respectfully submitted,

GRACE SULLIVAN, Visitor.

REPORT OF BOARD OF PUBLIC WELFARE

The year of 1933 has been, to a great extent a repetition of the previous year in the Welfare Department. During the first months unusually heavy demands were made upon the department, due to unemployment. In meeting this emergency, the Board has endeavored in rendering assistance, to curtail expenses in so far as it was possible and practicable, and at the same time furnish those receiving aid with the necessities,—shelter, food, fuel and in many cases medical attention has been given.

Work Relief furnished by the town in the sewer construction made a noticeable decrease in the number on the Welfare rolls. This fall found a decided increase in applications for temporary aid which continued until the latter part of November, when the Civil Works program was organized. At that time, the chairman of the department was appointed Civil Works Administrator of Braintree. Through the splendid co-operation of the departments of the Town, thirty six projects have been approved at the State House by the State Civil Works Administration. These project have given employment to 620 men in Braintree. In all 177 men who were receiving Welfare assistance are now working, and for the first time in years, the rolls can be considered back to normal. Every able bodied man has been given employment, and our list comprises widows, elderly people and those who are physically unable to work. The fact that 620 unemployed men have received employment indicates very clearly the demands which might have been made upon the Welfare Department.

The Town Infirmary continues under the efficient management of the same superintendent and foreman. Under the Civil Works, the building has been painted both inside and outside and rooms have been papered. Citizens are invited to visit the home and observe the comforts enjoyed by the inmates.

With the continuance of the Civil Works program until May and with the promise of further Sewer construction made under the P. W. A. the demands upon the Welfare Department should be fewer and expenses noticeably decreased.

ELSIE Y. WOODSUM,

Chairman Board of Public Welfare.

REPORT OF INSPECTOR OF BUILDINGS

January 3rd, 1934.

Honorable Board of Selectmen,
Town Hall,
South Braintree, Mass.

Gentlemen:

I herewith submit my report as Inspector of Buildings for 1933.

Permits issued as follows:

Dwellings	28
Garages	62
Alterations	63

Damage by Fire	9
Road Side Stands	8
Gas Stations	3
Storage Buildings	5
Poultry Houses	11
Sun Parlors	15
Stables	2
Green House	1
Dwelling Foundations	4
Repairing	8
Razing	10
Camps	3
Office Buildings	1
Ethylizing Building	1
Filtration Plant	1
School House Addition	1
Club House	1
Moving	2
Permits Cancelled	1
<hr/>	
Total	240

Estimated value as follows:

Dwellings	\$141,765.00
Garages	8,477.00
Alterations	25,384.00
Road Side Stands	1,975.00
Repair damage by fire	7,677.00
Gasoline Stations	6,275.00
Green House	100.00
Razing	1,860.00
Storage Buildings	325.00
Poultry Houses	800.00
Stables	3,550.00
Dwelling Foundations	450.00
Summer Camps	550.00

Repairing	1,305.00
Office Buildings	11,000.00
School House Addition	4,400.00
Filtration Plant	52,500.00
Club House	250.00
Buildings Moved	475.00
Ethylizing Building	1,600.00
<hr/>	
Total value of permits	\$270,718.00
Fees received for permits	\$ 389.00

Inspections:

New Dwellings	82
New Garages	74
Alterations	85
Damage by Fire	30
Sign Installation	5
Buildings on Boundary Line	18
On applications for Permits	42
Defective flue	12
Improper location of building	8
Complaints on rubbish	11
Unsafe buildings	7
School Houses	4
By Deputy Inspector	4
All others	28
<hr/>	
Total	410

Respectfully submitted,

JOHN A. RYAN

Building Inspector.

REPORT OF THE PLAIN STREET CEMETERY

January 11, 1934.

To the Honorable Board of Selectmen of the Town of Braintree.

Gentlemen:

The second annual report of the Superintendent of the Plain Street Cemetery for the year ended December 31, 1933.

There were nine burials during the year of 1933. Eight adults, one infant.

All the graves that caved in from settling were filled in by the caretakers, the loam being furnished free from the town pit that the Selectmen leased two years ago at a very low cost.

Flowers were in bloom until late in October. Many lot owners furnished flowers and plants during the summer months, which helped to beautify the cemetery.

Mrs. Woodsum has already presented a project at the State House for a sum of money to complete the wall from the so-called Vinton Tomb to the Railroad Bridge.

The Superintendent and caretakers are always willing to do everything possible to carry out the wishes of the Selectmen and lot owners.

Respectfully yours,

JOHN W. MAHAR,
Superintendent Plain Street Cemetery.

REPORT OF THE ANIMAL INSPECTOR

January 16, 1934.

To the Honorable Board of Selectmen of the Town of Braintree.

Gentlemen:

The following is the report of the Animal Inspector of the Town of Braintree.

Premises inspected on annual inspection	55
Cows under State and Federal Supervision	26
Grade Cows	154
Bulls	1
Young cattle	8
Goats	3
Swine	1352
Sheep	7
Barns under State and Federal Supervision	4
Dog bite cases investigated	86
Dogs quarantined	36
Dogs released (4 from 1933)	40
Cows released (from out of state)	94

Respectfully submitted,

WALTER J. MATTIE,

Inspector of Animals.

ANNUAL REPORT
OF THE
School Department
OF THE
TOWN OF BRAINTREE
FROM
December 31, '32 to December 31, '33

Printed by Order of the Town

SCHOOL COMMITTEE

Mr. Henry D. Higgins, Chairman, 490 Washington St., Braintree.

Mrs. Alida N. Stevens, Secretary, 75 Tremont St., South Braintree.

Mr. Howard B. Blewett, 363 Tremont St., Braintree.

Mr. Wilford P. Woodsum, 99 Academy St., South Braintree

Mrs. Harriet B. W. Kimball, 137 Shaw St., East Braintree.

Mr. Herbert O. Boardman, 49 Mount Vernon St., Braintree.

SUPERINTENDENT OF SCHOOLS

Mr. C. Edward Fisher, 108 Cedar St., Braintree.

Office Hours on School Days from eight to nine a. m. at the Town House.

SECRETARY

Miss Thelma MacKenzie, 48 Plain St., South Braintree.

Office Hours; eight to twelve, one to five, on days when school is in session.

MEETINGS OF THE SCHOOL COMMITTEE

Second Monday evening of each month at eight o'clock in the Town House, Washington St., South Braintree.

REPORT OF THE SCHOOL COMMITTEE

January 2, 1934.

To the Citizens of the Town of Braintree:

During the year just passed your School Committee has tried to do the best that could be done with a reduced budget. Some re-organization was put into effect and the results indicate that it is most satisfactory, and that many improvements in the work of our schools are resulting therefrom. Furthermore, it made possible some reduction in costs besides increasing the efficiency of the work of the Department.

For the year 1934 we are of the opinion that although there is great need for increased accommodations, particularly for the high school, it is not wise for the Town, as conditions are today, to undertake any building program. The need for school sites and for a building program is greater today than ever before, and undoubtedly will continue to increase year after year. It is the desire of the Committee to assist in every way possible the most rapid recovery of the Town to a sound financial condition and therefore all requests for an outlay by the Town for such purposes are withheld until the financial conditions seem to have materially improved. Our only request is for the most liberal attitude toward our budget for 1934 consistent with the financial condition of our Town. Education is the last municipal activity which should be handicapped by lack of financial support.

During the past year our salaried employees in the department, 172 in number, have been donating 15% of their salaries for the purpose of making easier

the financial burden on the Town, and if the relief secured through Federal action is such as to make it possible, at least some reduction, if not elimination, of these donations would seem advisable.

The reports following give detailed information relative to the activities of this department, and are worthy of your attention.

Respectfully submitted,

HENRY D. HIGGINS, Chairman
ALIDA N. STEVENS, Recording Secretary
HARRIET B. W. KIMBALL
HOWARD B. BLEWETT
HERBERT O. BOARDMAN
WILFORD P. WOODSUM

School Committee.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

January 2, 1934.

To the School Committee:

I present herewith, as Superintendent of Schools, my thirteenth annual report.

The opening of schools in September found an increase of 4 in the teaching force, and resignations required the placing of 22 new names on our list of teachers. No extensive program of improvements or repairs could be made with the funds available, yet some urgent needs were met and carried out.

The increase in our enrollment continues annually, with the larger part found in the high school. This is likely to continue and even increase some as time goes on, as a result of Federal action practically having made the age for compulsory school attendance 16 instead of 14.

Much benefit is likely to be derived by many of those enrolled in our schools as a result of tests of feet and ears made through the physical education department during the year just past. A pedograph, or foot imprint, is made, and where it shows need, corrective exercises are prescribed. In connection with the hearing, audiometer tests have been made, and where the loss of hearing is such as to make it seem advisable to have medical attention, a notice to that effect has been sent to the home. These activities are in addition to the regular physical examinations made by the school physicians and nurse.

The lower grades of our schools are now provided with a considerable amount of reading material which is creating enthusiasm for the work and already is indicating a decided improvement in this fundamental activity and requisite for success in education. Tests in reading have been conducted and the results show that the great majority of our upper grade rooms have a standing above the median, whereas our lower grades are not so good. It is quite likely that with the new and greater quantity of material this weakness will be overcome rapidly. The teachers' tools are supplies and books, and with better tools better work can be done.

Federal activities made possible many improvements. Painting was done on the outside of the Highlands school, the auditorium of the Monatiquot school,

and the basement of the Abraham Lincoln School. Extensive work was done on the grounds of the Highlands, Monatiquot and Penniman schools, and I hope this work may be completed later. Considerable necessary repairs have been made on the roofs of the Noah Torrey school buildings. Several other projects were submitted and tentatively approved, but as our allotment of funds is depleted they must wait for a time at least, and perhaps they cannot be carried out under a C. W. A. program at all.

In the School Department budget for 1934 there has been placed the request for appropriations to provide the necessary facilities to allow for the giving of a "No School Signal", which cannot now be sounded; also funds to provide for a fire escape on the Monatiquot and Jonas Perkins schools, our two and only large wooden buildings.

Based on the average membership in schools, Braintree continues to be larger than six of the cities and five of the towns which have a larger population; i. e., it is the 40th school system in size in this state, but it is 260th in its per capita for support. For the school year of 1932-1933 our per pupil cost was \$80.30, with an average for the 83 towns in group II of \$87.90. Our position or rank in cost per pupil was 44; i. e., there were forty-three towns where the cost was more, and 39 where it was less.

I hope the taxpayers and citizens will not overlook the fact that in 1933 the Commonwealth of Massachusetts returned to the Treasury of the town on account of claims made by the School Department \$3,136.42, which is nearly 12% of the total spent by this department out of its budget for the support of the schools in the town for the year 1933. In con-

sidering the cost on account of the salaries paid to teachers there are certain facts which I feel are not known, and even if known yet are not considered. In the year just past the maximum salary for our grade teachers was but \$1,500.00. Out of this the individual made a 15% voluntary contribution, so that her receipts were but \$1,275.00. Of this \$1,275.00 the State contributed \$200.00, so that the net cost to the town for the services of the teacher in the grades receiving maximum grade school salary was but \$1,075.00, and correspondingly less for the teacher having a smaller contractual salary. At the present time of writing it certainly cannot be said that the net cost to the town for the maximum contractual salary is a large sum of money. It would seem fair, in a discussion and consideration of municipal salaries, to remember that the state is actually paying \$200.00 toward the salary of each teacher, which is not true in the case of any other town salary outside of the school department.

There are some conditions existing in the department today which might be changed, and tend to increase the effectiveness of the training, but the increased costs necessary to bring about some of these results makes it seem almost inadvisable even to talk about them at this time. Special teachers are giving individual work and attention to those children needing it, but for those children capable of more than normal progress no special opportunities are presented. There are many children in our schools who, with the presentation of opportunity, could do the eight years' work in six, thus saving the town money in their education, since the per pupil cost a year is over \$80.00. Whether or not there might be a net saving only a trial could determine. If annually 15 children could, through the services of a teacher,

have accomplished the eight years work in 7, this would show a saving in money sufficient to meet a \$1,200.00 salary requirement. More important, however, than money saved is the resultant effect on the individual and on all, indirectly. I am of the opinion, and experiences in other places where this is done substantiates the opinion, that it stimulates ambition and creates more active and energetic application to the job of acquiring an education. Five years ago my report referred to this same question, and I hope that before another five years have passed some action may be possible, with increased accommodations and appropriations, to bring into existence an "Opportunity Class" or classes.

The reports following this give more detailed information relative to the various divisions of this department, and with the tables give a more complete picture.

Respectfully submitted,

C. EDWARD FISHER.

REPORT OF THE PRINCIPAL OF THE HIGH SCHOOL

January 2, 1934.

Mr. C. Edward Fisher,
Superintendent of Schools,
Braintree, Massachusetts.

Dear Sir:

Herewith is submitted my sixteenth annual report as principal of Braintree High School.

MEMBERSHIP AND ATTENDANCE

Figures for membership and attendance for the school year 1932-1933 are as follows:

Total Membership	904
Average Membership	833.04
Percentage of Attendance	94.69

The above figures show an increase in total registration of 101, an increase of 89.57 in average membership, and a small drop of 39% in attendance.

One hundred sixteen were graduated in June. The number will be much larger for June 1934.

The total registration to date for the present school year is 921, divided as follows:

	Boys	Girls	Total
Post Graduates	14	18	32
Seniors	103	84	187

Juniors	118	105	223
Sophomores	120	112	232
Freshmen	122	125	247
	<hr/>	<hr/>	<hr/>
Total	477	444	921

The above figures as compared to the previous year's show that the number of Post Graduates dropped 12. There were over 20 Post Graduates who indicated in June that they would return in September but did not. The Senior class is 62 larger, the Junior class 3 larger, the Sophomore class 31 smaller, and the Freshmen class 10 larger than the previous year. With eighth grades in the various grammar schools totaling nearly 300 the registration for next September should be somewhat in excess of this year in spite of the fact that a record-breaking class of Seniors will graduate in June.

TWO-SESSION DAY

For the second school year we are working under a two-session plan with the Freshmen scheduled for the afternoon. The registration of 674 above the Freshmen class is approximately the figures originally considered as the capacity of the building and effectively answers any argument that the present high school enrollment could be taken care of with our present equipment on a one-session basis.

Sixteen actual months of operation on the two-session plan have shown many disadvantages and practically no advantages. The scheduled school day of each morning pupil is shortened from 6 hours and 5 minutes to 4 hours and 50 minutes while the scheduled day for the Freshmen has been shortened from 6 hours and 5 minutes to 4 hours and 5 minutes. This

is a real loss in time and facilities for the many pupils effected by the shortened school day in their respective classes.

Contrary to the expressed belief of some individuals that there is a big advantage to first year pupils in being able to do all their high school preparation in the morning, we find that 70% of our Freshman habitually do their homework in the evening, 10% do a portion of their work evenings, leaving only 20% who use the morning wholly for home study. The question as to whether last year's Freshman class, working on afternoon session, did better work than the previous Freshman class, working on regular session basis, is answered by the following facts: a careful analysis of the first year record of both classes shows that there were 2% more failures for last year's Freshman class than in the corresponding class of the previous year. This situation is also aggravated by the fact that not only are the days shorter than previously but because of lesser periods the average pupil has been attempting 15% less work than previously. Apparently these afternoon pupils are coming to school at one o'clock tired out with the morning's activities.

At this time it seems fitting to call attention to the fact that there is a real educational sacrifice for pupils of high school age when forced to operate under a two-session plan, and that at the earliest possible moment this situation should be remedied.

Much has been said in recent months as to the possibility of applying the platoon system as in operation in Gary, Indiana, to the Braintree schools. There is no doubt that the Gary plan possesses many advantages. It should cut down the number of failures be-

cause it makes possible manual arts and kindred work for every pupil instead of the formal academic work which is distasteful to many pupils. However, its success depends mainly upon the multiplicity of shops, laboratories, playgrounds which are available, etc. These are, without question, a desirable feature for future consideration in Braintree, for the weak spot in our high school has always been the lack of this kind of training. However, the installation of shops and their equipment would be far from solving Braintree's present problem of reducing immediate expenses and would add very materially to the immediate cost of school support. For example, the Froebel School in Gary, which is often cited as a model, has the following shops: carpenter shop, cabinet shop, paint shop, foundry, forge, machine shop, printery, sheet metal shop, electrical shop, sewing room, cooking room, dining room, plumbing shop, laundry, shoe-making shop and pottery shop. This is all very fine but would total a large expense for installing. Give us one-third of the above mentioned for Braintree High School, in addition to the present plant, and we can take care of the entire high school enrollment in one session for several years.

The length of the school day and the school year in Gary have been much stressed. As a matter of fact, the average school year there is only 11 days longer than the average school year in Braintree and while the school day is 8 hours, one hour of this is for recess, one hour for auditorium exercises, one hour for free play, one hour for music, expression, and gymnastics, which does not offer much advantage in the way of more time on fundamental subjects. In addition to this, the ideal plan, according to Superintendent Wirt of Gary, is for the school year to be divided into four quarters of twelve weeks each, but

attendance compulsory for any one pupil in only three quarters or, in other words, for 36 weeks. According to this so-called "ideal plan" the number of school days for the average pupil would be less instead of more, although it would make possible the accommodation of a larger number of pupils on a "stagger system."

TEACHING FORCE

The high school faculty at present includes three members who were not with us last year: Miss Katherine D. Hearn who replaced Miss Doane in Freshmen English and Drawing; Mr. Charles W. Brooks who replaced Mr. Heggie in the English Department, Mr. Heggie having accepted a more lucrative position in Lexington; Mr. Richard W. Johnson, substituting for Mr. Goodwin who was called to service at Fort Ethan Allen. None were added to the numbers for the present school year since a more favorable election of subjects on the part of the pupils made it possible to arrange classes more advantageously. However, many of the classes at the present time are of a size not conducive to the best results. As of last year several teachers are on an overlapping schedule and the same rule is in operation as to extra time required from all teachers for special help with pupils on two days each week.

EXTRA CURRICULA ACTIVITIES

The above title usually concerns itself mainly with athletic activities, although many other activities are concerned. The football season just passed was a successful season, either from the standpoint

of games won or financial returns. More people attended the games than ever before, and there was a fairly generous response by those who were asked to buy tickets to support the games. A successful, although materially shortened, baseball season was run last Spring. The track team and cross country team were active and both successful in the majority of their contests, as was the girls' hockey team. Instead of varsity basketball for last winter, inter-homeroom games were played over a prolonged period. This allowed nearly 200 boys and girls to take active part in that winter sport. The same plan, on a larger scale, is already underway for the present winter season and approximately 400 boys and girls will be actively engaged in this sport during the next three or four months.

The work of the band was resumed in September with the idea of having them play at the football games, and a creditable organization was able to appear and play at most of the games. The orchestra is also active, and two groups of pupils, one of upper-classmen and one of freshmen, are interested in chorus work.

The school magazine, "The Wampatuck" has continued to put out its usual high-grade publication. Several clubs such as the Hi-Y club, Rifle club, German club, etc., are active and offer interest to a diversified group of students.

CONCLUSION

As usual I would like to close this report with a word to parents of pupils of high school grades. Five times per year with **no exceptions**, rank cards are is-

sued to **all** pupils. The dates of these are approximately November 1, January 1, March 1, May 1, and two days after graduation. Special reports, known as deficiency cards, for pupils whose work is unsatisfactory for any reason, are also sent out at the following approximate dates: October 1, December 1, April 1, June 1. Both report cards and deficiency cards require the attention and signature of the parents or guardians of such pupils, and should be returned by the pupils promptly after being signed by the parents. You can help the school very much by looking for these cards at the intervals stated above, by inspecting them, and promptly returning after signing. Your signature does not necessarily indicate approval of the card's contents, but simply that it has been seen and examined by you. All teachers are glad to receive constructive criticisms on the reverse side of the deficiency cards and the Principal is also willing to co-operate and to arrange appointments between parents and teachers in the various subjects.

Respectfully submitted,

JAMES L. JORDAN,
Principal.

REPORT OF THE ART SUPERVISOR

January 2, 1934.

Mr. C. Edward Fisher,
Superintendent of Schools,
Braintree, Massachusetts.

Dear Sir:

I herewith submit my annual report on the Art work in the grade schools of Braintree for the year 1933.

The purpose of a course in drawing in school is to develop in each child the desire and the ability to draw, and to develop and guide the child's sense of appreciation and beauty. Every child with a growing Art knowledge will have his eyes opened more and more, and his mind and hands attuned and receptive to the hundreds of beauties which nature displays everywhere. To have some knowledge of the history and development of Art from the earliest times to our own, leads to appreciation and understanding. Life becomes more full, more satisfying, bringing a satisfaction open to poor and rich alike, a pleasure that riches cannot buy, and insight that poverty cannot shut out.

The Drawing Outline for the year shows the work planned to fit the needs of each grade in fundamentals, design principles, representation, color, lettering, etc. Drawing is a medium of self-expression in which thought, emotion, and enthusiasm are revealed which mere words can never express. Drawing is, however, not to be considered merely as a subject by itself, but also as an aid in teaching and clarifying other subjects through correlation. History, geography, and literature, regardless of grade, can be correlated to advantage with drawing. Many projects correlating drawing with geography, history, health and literature have been carried out in the form of sand tables, posters, friezes, notebooks, dramatizations, costumes, etc. Lantern slides from the Museum of Fine Arts have been shown to the sixth, seventh and eighth grades, on such subjects as Art of the early cave dwellers, Egyptian Art, Greek Art, and American Art in and around Boston.

The largest project taken up in the fifth grade for the year was the making of animal posters to sub-

mit in a contest conducted annually by the Massachusetts Society for the Prevention of Cruelty to Animals. This year again, a large number of children won silver medals, bronze medals, and honorable mentions for their work.

We make, from time to time, posters to advertise school activities such plays, entertainments, candy sales, etc. The upper grades can always be depended upon to produce well-arranged artistic posters for such occasions.

Early in the year the sixth grades worked on a project which was sponsored by the Forestry Conservation Committee of the Federated Women's Clubs of Massachusetts. Each child made a notebook which contained his own work in drawing, painting, and compositions on forest conservation. These showed a great deal of individuality and originality. A large number of these notebooks were on exhibition at the Spring Flower Show and some were entered in the state-wide contest, open to all sixth grades. The "Class Award" was won by the sixth grade of the Penniman School for the best work of a whole class in the state. A "Blue ribbon award" was won by the sixth grade of the Monatiquot School because their work was a close second. These notebooks were all on exhibition at the annual meeting of the Federated Women's Clubs in Swampscott, where the awards were made on May 17.

Another project, sponsored by the Philergians, was an Art project for all the eighth grades in the state, in which Art notebooks were prepared, containing a 1000 word essay with appropriate illustrations and cover design, on any Art subject. Some of our best notebooks were on such subjects as Architecture,

The Works of Rosa Bonheur, Greek Art, The Sculptures of Cyrus Dallin, Stained Glass Windows, Paul Revere an Artist, and many others. These subjects showed a wide range of research and interest. As a result of this interest we had some very good notebooks to submit in the contest. The first prize for boys for the best notebook in the state was won by a boy in the Penniman School, and the second prize for girls' notebooks went to the Noah Torrey School. These awards were presented to the children at the annual meeting in Swampscott on May 17.

I wish to take this opportunity to thank parents, Librarians, teachers and friends for the use of reference material, books, pictures and periodicals that were of so much help to the pupils in compiling their notebooks, on both Forestry Conservation and Art Appreciation.

The regular drawing work of all the grades was shown in a series of Art Exhibitions throughout the town. The Jonas Perkins School exhibited their work the second week in May. The Noah Torrey, Pond and Southwest Schools exhibitions were in the Primary Assembly Hall of the Noah Torrey School the week of May 17. The Watson School exhibition was held on May 24, Monatiquot School the week of May 31, the Hollis School June 2, and the Abraham Lincoln School May 31 to June 5. These exhibitions were shown at a time when some special program in the evening would bring parents and friends to the building and give them an opportunity to see the Art work of the children.

I wish to thank the teachers, principals, the superintendent and members of the School Board for

their continued co-operation and interest in my department.

Respectfully submitted,

RUTH H. JOHNSON.

REPORT OF THE VOCAL MUSIC SUPERVISOR

January 2, 1934.

Mr. C. Edward Fisher,
Superintendent of Schools,
Braintree, Massachusetts.

Dear Sir:

My schedule has been carried on in much the same way as last year. I visit and teach in each grade class room once every week, and every week I conduct two choruses in the High School.

Music in my department is a many-sided subject. The various phases of the vocal music are vocal technique, reading music, writing music, ear training practice, elementary theory, singing unison and part songs of two, three and four parts, preparation for assembly singing, music appreciation, and rhythm training with small percussion instruments in the primary grades.

It is impossible in a report of this length to give a complete outline of the work accomplished in all these phases of the music study. I suggest to those who would like to know how the music is carried on in our schools that they visit the classes. The children

display much enthusiasm in the singing and I am sure you would find it interesting to see and hear their spontaneous expression in the music. I can only touch briefly on some of the main objectives in my work.

The chief objective is to develop each child's ability to sing—1, with freedom of production of tone; 2, with purity and beauty of tone; and 3, to gain joy from the group and individual singing of musical, appropriate and worthy songs. The ability to sing is one of the most pleasurable experiences of life. To express one's emotions through song is an experience which every one should be able to enjoy. Ensemble singing always has been and always will be the fundamental musical activity of the public schools, since it is the expression of the one universal musical talent, the ability to sing.

Along with the song work the fundamentals of music notation have to be mastered as thoroughly as is the multiplication table. While music is an art subject it must also be considered a skill which can only be acquired through considerable routine of procedure. By our modern methods this skill is developed in direct connection with the enjoyment of music itself. We believe that the thorough teaching of the fundamentals of the art and the development of skill in reading in the elementary schools is the only true and fundamental basis upon which rests the entire superstructure of music and of the great intellectual, emotional, ethical, and spiritual results which we believe will accrue.

In the upper grammar grades an important objective is the consideration of the voice mutation and general adolescent characteristics. Vocally, these grades present more diverse problems than any other

division of our public school organization. Boys and girls with changing and unchanged voices, each group demanding a different treatment for its proper development. It is necessary to test voices frequently and to have constant reclassification of voices, shifting them from part to part so that the boy may sing through the entire period of mutation without the slightest injury to his vocal cords.

Suitable song material is most important at this age. The music must be suited in range and structure to the vocal capacities of the student. The text as well as the music must be worthy and vitally interesting. Real interest in their music eliminates self-consciousness, minimizes physical effort and induces freedom and happiness, all of which make for better quality.

For several years we have not had enough of this type of music to satisfy the needs of the eighth grade. I recommend that soon as it is possible new material be purchased for these classes.

Public performance is a musical activity that is always regarded as a vital opportunity for the musical growth in the pupil, especially the more talented pupil. Each school offers opportunity for performance in the school assemblies, parent-teacher meetings, concerts, operettas and graduations. I conducted two of the outstanding demonstrations last year. One at the Thomas Watson School when the classes from the kindergarten through the eighth grade entertained their parents with the songs of the regular music work. The other was at the Monatiquot School where we presented the Japanese operetta, "Princess Chrysanthemum." Miss Johnson painted the scenery which gave this musical show a very attractive background.

My schedule for the High School is the same as last year, the freshman chorus meets before school, the students from the upper classes sing in one group after school on Fridays.

There is an increase in the enrollment of seventy-four music students over last year.

In the High School we also have the problem of the changing voice. Here, also, there has to be frequent reclassification of voices and much care used to classify them so that no harm shall come to any by singing on a part that is not suited to his range and quality of voice.

The aim in our High School chorus is to develop vocal technique as breath support, natural and distinct enunciation, phrasing, a good singing tone that is free and resonant, and artistic interpretation; all essential details for good chorus singing.

Demonstration of the fine and artistic choral singing that can be obtained from our High School students was given by a chorus of girls who sang, "Lift Thine Eyes," from the oratorio, "Elijah," at the concert given by the Braintree Choral Association, and the chorus of seniors that sang at their graduation.

Here, again, we are in much need of new song material. No new music has been purchased for the High School chorus for two years except for the graduations.

The type of music sung in the High School comes under the following heads: standard folk and patriotic songs, Stephen Foster's songs and negro spirituals—community songs every one should know—including

ing an occasional humorous song and the better type of popular song, and standard High School choruses of a worthy type, many of which are selections from the larger choral works by the great masters. It is truly said that in the study of music, the music itself is the greatest factor. Actual hearing and participation, rather than talk about music, are the great factors in music education.

In conclusion, I wish to speak of the need of music in education today. According to the report of our national commissioner of education, music which was once called a fad or frill is now one of the essentials in education. Education is that which prepares for complete living.

In 1870 the three R's were sufficient, because we were a rural nation; in 1890, science became important because that age became industrial; 1920, health and physical training, because the high tension of the industrial and materialistic age, called for physical fitness. In 1930, the problem for leisure became the foremost challenge of education today. Leisure in the life of persons unprepared for it is as dangerous as high explosives. This depression has brought forcibly to the minds of many that education for contentment, for richer living, for deeper thinking is as important as the challenge for wealth and power.

In this report I have already stated how many of the phases of the song work can cultivate and develop the emotional and spiritual side of the child, how the inner life of song can flash an illuminating light deep down into the child's nature. The song voice going out and out, the song life going in and in, is a direct approach to the deepest power of the individual.

If we can educate the present and the coming generation in the love and appreciation of as well as an active participation in choral and instrumental music, we shall have gone a great step forward in solving the problem of wholesome recreation.

Respectfully submitted.

INGRID E. EKMAN.

REPORT OF THE INSTRUMENTAL MUSIC
INSTRUCTOR

January 2, 1934.

Mr. C. Edward Fisher,
Superintendent of Schools,
Braintree, Massachusetts.

Dear Sir:

In compliance with your request, I herewith submit my annual report.

The Instrumental Department of Music in the public schools of Braintree maintains its position and in so doing compares favorably with other towns of similar size throughout the state.

Music education is a real necessity of life, having long since passed the so-called luxury stage and no longer numbered among the fads and frills.

For example: Sight reading is considered the most valuable device that preparation and study may offer, and at the same time reward to the utmost the child interested in Instrumental music. In order to arrive at this profitable objective, the following processes and procedures are taught and constantly kept in mind.

To read intelligently, one must keep focused in thought time signatures, must know definitely what a beat is and how many constitute the ever recurring and motivating measure structure, the shape of each note which denotes a variety of values, the pitch of every sound, the combination of fingers which produce it, the proper fitting of same to other tonal combinations among the group of players, termed "ensemble," and must do all this at a regular steady prescribed rate of speed, correct to intricate detail so that no faltering, hesitating, blundering or "blue ones" mar the general effect of the combined harmony or "music;" truly a process of much complexity characterized in a citation by Charles Eliot, president emeritus of Harvard University, as "the best mind trainer on the list."

The desire and ambition on the part of our boys and girls to pursue this laudable exercise and accomplishment in Instrumental Music is an ever gratifying source of inspiration. To this pronouncement must be added the most valuable and outstanding educational factor in that this whole composite effort is fundamentally and entirely voluntary on the part of the individual.

The following is a list of school owned instruments:

8 bass drums
7 pairs of cymbals
6 string basses
3 B flat baritones
3 E flat altos
1 bugle
1 violin
2 E flat basses
1 BB flat Sousaphone
1 snare drum
2 B flat trombones

I wish to express gratitude to the School committee, superintendent, principals, teachers, parents, and all others who through their co-operation, advice and financial donations have recognized and appreciated the results of Instrumental Music.

Respectfully submitted,

FREDERICK W. J. LEWIS.

REPORT OF PHYSICAL INSTRUCTOR

January 2, 1934.

Mr. C. Edward Fisher,
Superintendent of Schools,
Braintree, Massachusetts.

Dear Sir:

Physical education activities furnish many life situations which contribute directly to the development of health habits. They create a desire and fur-

nish the opportunity for more life in the open air, resulting in an increased appetite for wholesome food, greater need for rest and sleep, and better co-operation in work and play. As physical directors, Miss Daughraty and I are endeavoring to give the Brain-tree school pupils the type of activity which will definitely work towards this aim. Our daily programs have been standardized throughout the system and every grade is carrying on similar activities which seems to meet with the approval of the school authorities.

The High School gym classes (boys) are increasing each year, with an enrollment of approximately 440 students. The continued shortened periods due to double sessions, and unusually large classes, causes a teaching condition which is undesirable. All boys were outfitted with regulation gym outfits, and many were given suits when home conditions would not allow the purchase. The gymnasium is in constant use every school day, morning and afternoon, with upper class and freshmen (boys and girls) alternating sessions. After the forty-two minute gym period of varied activity, the boys are required to take a shower and clean towels are checked regularly. To assist in this important health measure, the school committee renewed the shower room flooring to prevent the accumulation of waste water through which the bather had to walk, fixed all the shower heads, and placed antiseptic foot dips for the control of foot ailments. All classes during the Fall months were conducted out of doors, and regular indoor sessions commenced with the advent of cold or stormy weather. The Winter activities are necessarily minimized because of lack of space compared to the size of the classes, however exercises of the conditioning, corrective, formal and informal type are being used together with

informal games. The elimination of varsity basketball because of the lack of time necessary to conduct this sport, found us with the problem of providing after-school activity for more than one half of the total school enrollment. It was solved through the medium of inter-room basketball (boys and girls) and ice hockey for boys. By voluntary participation, fifty-five basketball teams are competing each week in the school gymnasium, with team membership aggregating some 425 pupils. Of this number, twenty-two teams of upper classmen and twelve teams of freshmen boys (275 players approximately) are playing this winter sport with eligibility rules of good school conduct, reporting for all make-up work, and school attendance as the requirements. The majority of the games are played after 4:00 p. m. daily, and the Freshmen group commences at 9:00 a. m. on Thursdays, proving that the students are extremely interested in this activity. Students conduct the games, officiate, record and time the contests, with the physical directors supervising the play periods.

The Athletic Injury Fund continues to prove valuable in assisting the students who unfortunately are injured in a school activity. This Fund secures its proceeds from the annual Boys' and Girls' Gymnastic Exhibition which is held in the school gymnasium in the Spring. About one hundred boys and girls participated in the demonstration which was held May 9, 1933. Cups were donated to the best all around boy and girl gymnast determined by a committee of judges who were familiar with the activities.

The grade school program continues to show marked progress year after year, with the splendid co-operation of principals, teachers and pupils. Weekly physical education programs were conducted out

of doors in Fall and Spring, and indoor periods were continued either in class rooms or in the auditoriums whenever available. Formal exercises are being stressed this year and the results justify their continuance. Game equipment has been placed in every building, but the supply is inadequate for the needs of the pupils. There is much to be done in the proper construction and equipping of material for our school playgrounds.

Concerning our Health Projects of last year and the new ones of this year, I have the following report: Results of the Pedograph (footprint) Test which was given in the Grade schools, after two tests given about ten months apart:

School	Tested	Faulty Conditions
Noah Torrey . .	536 pr.	145—27 %
Penniman	340 pr.	96—28 %
Monatiquot . . .	310 pr.	100—32 %
Watson	335 pr.	64—19 %
	<hr/> 1521	<hr/> 405

Printed instructions for corrective exercises were given each pupil after a practical demonstration of each one, and an explanation of the condition of the foot structure. Each pupil was asked to continue the set of exercises for a period of at least three months. The second test proved the value of these exercises because whenever the individual had followed the instructions to any degree of regularity, the angle of the arch of the foot showed a decided increase, the necessary requirement for correction. There are cases on file showing an improvement of at least^o (degrees) by the consistent use of the exercises. The Pedograph is not a machine for foot correction but a sifter to

separate the large group of children who require no further attention from the smaller group with whom it is essential to carry on corrective work. This machine gives the imprint of the foot from which the angle of the foot arch may be determined. Parents can assist with this work in the requirement of constant practice of the exercises in the period previous to the child's retirement for the night.

For the first time in the Braintree schools, a valid test for hearing has been given throughout the system by the writer, assisted by Miss Collins and Miss Daughraty. An apparatus known as the 4-A Audiometer, loaned through the courtesy of the Speech Readers' Guild of Boston, provided us with the necessities for the initial test. This machine is a very valuable method of surveying the condition of the pupil's hearing. It is not an instrument of exact precision, but it does seem to show as follows: The children who pass the test have demonstrated, first, that they have average hearing capacity; second, that they have an average nutritional level; and third, that they have an average mental acuteness. The test consists of recording four sets of three digit numbers with each ear as received through an ear-phone. After correction, only such pupils who show a loss of 9 sensation units are retested. This sensation loss expressed in another way means that a person with such a loss for any sound must move up over one half the distance separating him from the sound in order to hear it. The retest eliminates approximately 50% of those with the loss of 9 or more sensation units. The follow-up work consists of a medical examination to determine the cause of the loss, and in some cases if the defect cannot be cured, constructive things to handle it must be done—provision for hearing aids and lip reading in school.

The annual eye test given to the High School boys showed some improvement where cases reported last year by the school nurse were attended to, but several boys showing a loss both last and this year have found it difficult to secure glasses, however, such cases have been promised attention by the school nurse, through the kindness and the co-operation which she secures from a local oculist. Of the four hundred and thirty-five boys tested, only 27 showed a visual loss requiring medical attention, and of this group many are being treated at this writing.

An evening gym class for the men of Braintree has been very popular for the past two years, with an enrollment this past season of thirty members meeting once a week for sixteen sessions. Proceeds from the class are used to benefit the High School Athletic Association. The writer acts as physical director for the classes and reports unusual interest.

Great importance is now attached to the fact that the conditions under which children live in school are closely related to their physical health, academic accomplishment, and emotional attitude. In closing, I wish to thank Mr. Fisher, Mr. Jordan, Miss Collins, the grade principals, teachers, and Miss Daughraty as co-worker in this department for any success with which we may be credited.

Respectfully submitted,

ELLSWORTH R. THWING.

REPORT OF THE PHYSICAL EDUCATION
INSTRUCTOR

January 2, 1934.

Mr. C. Edward Fisher,
Superintendent of Schools,
Braintree, Massachusetts.

Dear Sir:

I herewith submit my annual report as one of the Physical Education Instructors of the Braintree Schools.

"America is a health-conscious nation although we may not be the healthiest." If we lived in the open air, as our ancestors lived for many generations, we would probably secure enough bodily development. But we now lead an artificial life. Our occupations are mostly indoors with noise, dust and lack of exercise; even in our schools the children are confined indoors and sit for a long period at a time causing cramped postures which need corrective measures. Through our Health and Physical Education Department we help correct these postures and by stimulating the minds and bodies of the children through a systematic course of exercises and games we may overcome, to a great degree, these faults caused by modern civilization.

In the elementary schools we have carried on a definite program of Physical Education activities. For the first time, all the schools in Braintree are having the same activities. During the fall and spring, the

program was carried on out-of-doors to obtain the full benefit of the sun and fresh air. During the winter months, from November through March, the program was carried on indoors, in a hall if one was available, if not, in the school rooms. This program is marching, informal drills, postural exercises, and informal games suited to every girl and boy. Besides the Physical program a series of Health Talks on Colds, Care of the Feet, Baths, and Athletes' Feet have been given.

Talks and Demonstrations on the Health and Physical Education work have been given to the Parent-Teachers Associations to better inform the parents of the actual work being done in their schools.

In the High School the program for girls has consisted of out-of-doors activities in the Spring and Fall; informal drills, apparatus and games in the winter months. The Spring activities were Track and Baseball. About 200 girls played Baseball, and about 65 Track. This fall, after everyone was equipped with gym suits, etc., the activities were Speed-ball, a new game, and other organized games.

Last January and February, Class Basket-ball was played with only 50 girls (including Freshmen and Upperclassmen) participating. This November, inter-room Basket-ball was started, with each girl playing in at least one game each week. There are 190 girls playing each week.

The Fourth Annual "Gym Exhibition" was given at the High School on May 12, the proceeds going to the Injury Fund. There were 75 boys and girls who took part. Each year more and more try out for this event.

This fall, the Hockey season opened with 35 girls, all eager to play. A graduate of 1932 was in charge of the squad on the days the coach was having Freshman "gym". This season was not as good as the previous year, losing 4, tying 3 and winning 2, but the two won were the last two games, showing that the team was improving and so ended the season with a victory. Fifteen girls received letters for participating in the majority of games played.

Along with the regular Health projects, an Audiometer Test was given to every girl and boy in the Braintree Schools from the fourth grade through the High School. This was to determine the hearing ability of each pupil. I assisted Mr. Thwing in the High School.

I wish to thank the principals of the High and Elementary Schools, the teachers and all who have co-operated in the work of Health and Physical Education.

Respectfully submitted,

ALICE E. DAUGHRATY.

REPORT OF THE SCHOOL NURSE

January 2, 1934.

Mr. C. Edward Fisher,
Superintendent of Schools,
Braintree, Massachusetts.

Dear Sir:

Please allow me to submit my fifth annual report

on the health work that is being done in the schools of Braintree.

The school physicians, Dr. Ripley, Dr. Ross and Dr. Gallivan have examined nearly four thousand school children this school year. Three thousand eight hundred sixty-four school children have been weighed and measured by the school nurse twice this year; namely, in May and October. A total of one hundred seventy-one pupils connected with the Chadwick Clinic are weighed every three months.

A report on the Toxin-Anti-Toxin inoculation given for the prevention of diphtheria in June is as follows:

No. of Pupils	307
No. having 3 inoculations . . .	264
No. having 2 inoculations . . .	37
No. having 1 inoculation . . .	6
No. of treatments given	866
No. of pre-school children . .	59

This year when making an inspection of heads I found that of one hundred eighty-seven, only two had nits, which shows a marked improvement in the care given to the children.

After January 2, I have some health cards for the younger pupils to color which will instruct them the lines of value of foods, cleanliness and the necessity of sleep.

This year when a pupil has been out more than five days, and the family cannot afford a doctor, one of our school doctors examines the pupil giving him a doctor's certificate approving his return to school.

I assisted Mr. Thwing, with the Audiometer, for ten days, testing the pupils' hearing, the fourth grade through the twelfth grade.

A couch with a blanket and pillow has been put in the men teachers' room at the High School, which is much appreciated.

My work is as follows:

Home visits	62
Teeth notices	604
Tonsil notices	426
Teeth corrected	372
Tonsils corrected	90
Pupils scrubbed	18
Advisory	103
Dressings	127
Heads (for nits)	2137
Toothaches	28
Pupils sent home	21
Earaches	4
Treatments	5
Nails cut	5
Eyes inflamed	1
Splinters	9
Blisters on heels	2
Sprained thumb	1
Sprained wrist	1

Two talks on "Mothercraft" have been given; one at the Monatiquot School, and one radio broadcast from Station WBZ.

Miss Isabel Provan received the Philergian prize, a gold piece of \$2.50 for the best essay on "Mother-

craft". She also received a prize from the State Federation of Women's Clubs.

The course in "Mothercraft" has been started in all the eighth grades.

I wish to thank the Superintendent and the Principals for their many kindnesses.

Respectfully submitted,

MARY E. COLLINS, R. N.

REPORT OF THE ATTENDANCE OFFICER

January 2, 1934.

Mr. C. Edward Fisher,
Superintendent of Schools,
Braintree, Massachusetts.

Dear Sir:

I hereby submit the following report as Attendance Officer for the year closing December 22, 1933.

I have worked in conjunction with the State Board of Labor and Industries, also the Friendly Aid Association, the School Nurse, and the Quincy Trade School.

I have investigated 526 cases as reported to me and found pupils absent for the following reasons:

Lack of shoes and clothing 77

Sickness	175
Moved away	14
Kept out by parents	42
Found on street and taken to school	56
Truants	40
Calls after school hours	46
Unruly	3
Calls to school in reference to pupils	8
Trade school	5
Left trade school	1
Left school	1
Not home from beaches	5
Taken from home to school	4
Added calls for other reasons	49

I have investigated all cases of the schools, including the Quincy Trade School and High School, in the interest of parents, Superintendent of Schools, and at all times having in mind the welfare of the Town in general.

Respectfully submitted,
CHARLES S. HANNAFORD.

COMMENCEMENT EXERCISES OF THE BRAINTREE HIGH SCHOOL

High School Auditorium, Wednesday evening;
June 21, 1933, at eight o'clock..

March, "Norma"	Bellini

ANNUAL REPORT
OF THE
Health Department
OF THE
TOWN OF BRAINTREE
FROM
December 31, '32 to December 31, '33

Printed by Order of the Town

REPORT OF THE HEALTH DEPARTMENT

January 2, 1934.

To the Citizens of the Town of Braintree:

The Board of Health hereby submits its report for the year ending December 31, 1933.

For some time there has been a need of an office in the Town Hall for the Board of Health. In March the Board conferred with the School Committee and secured permission to use the School Department rooms. On April first the office was moved, new files were purchased, and since then we have been working to increase the the efficiency of the Department. We have an office which is open during regular business hours, and we have made an honest attempt to investigate all complaints reported to us. It takes considerable time to perfect this new organization. We believe we have progressed far during the past year. We hope in the next year to improve that much more.

With the Town growing so rapidly, and with the sewer being connected, there is an increasing need for a Health Officer—a man with a regular salary—who can devote all his time to supervising the general health conditions of the Town and take care of the work now done by the Agent and the various inspectors, who can devote only a small portion of their time to the work. He would take care of inspections, investigations, calls, contagious diseases, settlements, and follow-up work on complaints. The expenses to the Town would not be so much greater than at pres-

ent, and the Town would be repaid by a more efficient Health Department.

We wish to take this opportunity to thank the School Committee and the Superintendent of Schools, Mr. Fisher, for their generosity and co-operation in allowing us the privilege of using their office to carry on our work, and in permitting us to have their secretary take care of our clerical work.

The first week in March was made "Clean-up Week" for the Town. The Board of Health enlisted the co-operation of the various town departments and civic organizations in their efforts to clean up and beautify the town. Unsightly places were cleaned up and posted with "No Dumping" signs. The school children and citizens were urged to clean up their property, and put the rubbish in barrels for collection by the highway trucks. We wish to acknowledge with a great deal of appreciation the co-operation received from the Selectmen, Mr. Austerberry and the rest of the Highway Department, the School Department, the Philergians and other community clubs, in this project.

Up to the present time the bids for the collection of garbage in the Town have been received in April, the contract running from May 1 to April 30. Under these conditions all bidders have known how much money has been appropriated for the year, and base their bids on that amount. All bids for collection of garbage have run at practically the same figure. Our idea is to receive bids in February for collection of garbage from May 1 to December 31, 1934, and in December, 1934, receive bids for the collection of garbage for 1935. We hope in this way to be able to get more competitive bids on garbage collection.

During the year of 1933 only 181 cases of contagious diseases were reported, as shown in the Secretary's tabulation. This is a remarkably low figure; in the past five years the next lowest number reported was 429, in 1928.

At the Diphtheria Clinic held in June, 307 children were inoculated, 59 of whom were pre-school children.

Only one case of diphtheria was reported during the year. We believe this to be the highest recommendation possible for the continuation of the Clinic.

One hundred seventy-one school pupils on the follow-up list of the Chadwick Clinic have been weighed every three months by the school nurse, Miss Mary Collins. The State Department of Public Health has conducted regular examinations of those on the follow-up list.

We heartily recommend an appropriation for Tuberculosis follow-up work locally on suspects and contact cases, as a protection for the health of our citizens.

We are pleased to report that the records and detail work in this department, as performed by our secretary, Miss MacKenzie, were very well done. It was very pleasing to have her co-operation during the past year, and it is our endeavor to increase her small salary, as her duties have increased considerably.

Respectfully submitted,

DWIGHT A. CHANDLER, Chairman
JOHN J. ATKINSON
THOMAS J. HENSHON, Clerk

REPORT OF SECRETARY TO BOARD OF HEALTH

January 2, 1934.

I submit herewith my report as Secretary to the Board of Health for the year 1933:

I hold receipts from the Town Treasurer for licenses issued as follows:

To the Braintree Board of Health:

4 Scavengers	\$ 4.00
5 Undertakers	5.00
29 Alcohol	29.00
1 Slaughtering	1.00
5 To transport garbage	10.00
	<hr/>
	\$49.00
Revoked—1 Undertaker's	1.00
	<hr/>
Net Receipts	\$48.00

Attached hereto is a schedule of diseases dangerous to public health which were reported in 1933.

Respectfully submitted,

THELMA MacKENZIE, Secretary.

REPORT OF MEAT INSPECTOR

January 2, 1934.

To the Braintree Board of Health:

I submit herewith my annual report from June, 1933 to January 1, 1934 covering markets, bakeries and slaughtering.

Markets and bakeries inspected 86

Hogs inspected 17

Respectfully submitted,

STAFFORD S. BRIDGHAM

Meat Inspector.

REPORT OF MILK INSPECTOR

January 2, 1934.

To the Board of Health of the Town of Braintree:

Gentlemen:

I herewith submit my report as Milk Inspector for the Town of Braintree for 1933:

Permits issued 80

No cases of milk born disease have been reported during the year.

Most of the milk sold in Braintree is handled by the larger distributors. There are, however, a few small concerns whose milk, together with that of the larger distributor, should be periodically analysed and the results published in the local papers. I recommend that a sum of money be appropriated for this work.

Respectfully submitted,

HAROLD W. RIPLEY, M. D.

Milk Inspector.

REPORT OF THE PLUMBING INSPECTORS

January 2, 1934.

To the Braintree Board of Health:

Gentlemen:

We submit our report for the year 1933 for the inspection of Plumbing:

There were 36 permits issued on new houses, and 41 permits on old houses.

There were 293 fixtures installed in Braintree during the year.

The cost of Plumbing in new houses was \$12,260.00. In old houses \$6,025.00.

Respectfully submitted,

WALTER B. SKINNER

ISRAEL P. WESTON

Inspectors of Plumbing.

· AUTO ACCIDENTS

M 89 S 97 F 3

Code: Auto Accidents. M—Minor—Accident in which Property Damage only is incurred. S — Serious —Accident in which personal injury, however slight, is sustained. F—Fatal—Accident in which death occurs.

I have recommended the purchase of a Ford or equivalent, completely equipped, to replace the Ford Coach, 1932 model, which is in use by the department at present time.

At this time I wish to extend my sincere thanks,
to the Honorable Board of Selectmen, and all others
who have shown a spirit of co-operation toward my
department.

Respectfully submitted,

JOHN J. HEANEY,
Chief of Police.

ANNUAL REPORT

PERMITS GRANTED DURING THE YEAR

Inspected and granted for range oil burners	909
Inspected and granted for heating appartus burners	172
Granted to transport oil in harbor	84
Inspected and granted for fireworks	13
Inspected and granted for removal of gas tanks	3
Granted to set fires in open air	500
Total	<hr/> 1681

RULES AND REGULATIONS GOVERNING THE STORAGE OF LIGHT FUEL OIL FOR RANGE BURNERS IN THE TOWN OF BRAINTREE

1—Not more than 50 gallons of light fuel oil shall be stored in any building or structure, unless, in a 16 gauge galvanized steel tank, labeled and approved.

2—Storage tanks for light fuel oil which are not directly connected to an oil burner shall be equipped with an approved faucet of the self-closing type.

3—Tanks within buildings or other structures for the storage and keeping of light fuel oil in excess of 10 gallons shall be installed on or below the lowest floor of the building or structure.

4—No storage tank shall be nearer than 7 feet from any open fire or flame.

5—All necessary support for tanks shall be of substantial masonry or metal construction.

6—No light fuel oil tank shall be equipped with a glass gauge or any gauge, the breaking of which shall allow the oil to escape from the tank.

7—A bucket of sand and a scoop shall be kept with each light fuel oil burner located in a position accessible for use.

8—In excess of 10 gallons an application for a permit must be filed and a permit must be obtained from the Chief of the Fire Department for the keeping and storage of light fuel oil in any building or structure.

STATE LAW

A State Law was enacted regulating the passage of Fire Apparatus responding to fires. The law requires the driver of a vehicle to drive to the right hand curb and stop until apparatus has passed. To remain at a distance of (300) feet behind apparatus and restricting the parking of a vehicle within (600) feet of a fire.

In conclusion, I wish to extend my thanks to the Honorable Board of Selectmen, to the members of the Finance Committee, and to the Police Department for their co-operation and interest in the welfare of the department.

To all others that have volunteered their services or assisted the department in any manner.

The officers and members of the department have my commendation and sincere thanks for the efficient and faithful manner in which they have performed their duties.

Respectfully submitted,

FRED A. TENNEY,

Chief of Fire Department.

REPORT OF THE FIRE ALARM DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

I respectfully submit to you the annual report of the Fire Alarm System for the year 1933.

The Fire Department has the supervision of the installation, repairs, equipment and maintenance of the Fire Alarm Signal System.

WORK DONE DURING THE YEAR

Painted all fire alarm boxes and bands.

Replaced all poor bands on poles.

Painted all pipes running from boxes to cross arms.

Put new backs on fire alarm boxes in poor condition.

Checked all circuits and cleared the same of all grounds.

Inspected and tested all boxes monthly and after every severe storm.

Installed inside telephone system in Central Station.

Installed private telephone line between the Central Station and East Braintree Station.

Installed 1-10 inch gong in Braintree Square.

Installed 1-10 inch gong in East Braintree Square.

Installed 1-6 inch gong in home of call men.

Replaced all old fire alarm wire on Stetson Street.

Rewired 6 old fire alarm boxes.

Run two sections of fire alarm wire on Allen Street.

Installed one new rectifier at Central Station.

Rewired and changed siren in South Braintree Square to new pole.

Weekly box test at noon on Saturday.

Renewed 6 box coils.

Renewed 100 cross arms.

There were two open circuits during the year: one caused by a falling tree and one caused by an automobile demolishing a pole.

In conclusion, I wish to extend my sincere thanks to the Tree Warden for the valuable assistance rendered in trimming trees through which municipal wires pass, to the New England Telephone & Telegraph Company and to the Braintree Electric Light Department for their co-operation and assistance rendered.

Respectfully submitted,

FRED A. TENNEY.
Superintendent of Fire Alarm.

ANNUAL REPORT
OF THE
Electric Light Department
OF THE
TOWN OF BRAINTREE
FROM
December 31, '32 to December 31, '33

Printed by Order of the Town

REPORT OF THE BRAINTREE ELECTRIC LIGHT BOARD

Once more the Electric Light Board takes pleasure in reporting the progress made during the past twelve months. To begin with, our program of plant modernization has been carried forward almost to completion by the installation of a new 3,500 kilowatt, high pressure, General Electric Turbo Generator, and a Worthington Surface Condenser, together with the necessary pumps and ejector.

A Cochran De-aerating heater and High Pressure Feed Water heater, with two six-stage Cameron centrifugal boiler feed pumps, have been added to the plant's equipment. Also a Bailey Feed Regulator with all the necessary piping, valves, checks, and relief valves, assembled in the best modern method by competent engineers and mechanics.

The water for the Condenser is taken from the river and now passes through a Link Belt Revolving Screen of sufficient capacity to supply clean water for an additional condenser in the future, when required.

The new Babcock & Wilcox boiler, installed in 1932, will be stepped up from 200 to 425 pounds pressure to supply steam for the new turbine.

When this new equipment is in operation, the Town will have one of the best Municipal Electric Generating Plants of its size in the country, making

it possible to generate and sell current at a rate close to, if not the lowest rate in the State.

In addition to the work done in the engine rooms of the plant, we have also constructed a new office building. It is a brick building with stone trimming, sixty-two feet by twenty-eight feet, and substantially fire proof. It is built upon a concrete foundation, thus forming a basement for storage and other purposes.

The office was originally in the old barn which was demolished five years ago to make room for the present oil storage tanks. Since that time, having no office accommodations at the plant, we have had to rent office space on Quincy Avenue, so that the construction of the new office on the Department's land, will not only save rent, but it co-ordinates the entire Department.

The total cost of the above described improvements was paid for out of the earnings of the Electric Light Department, NOT TAKEN FROM THE TAX LEVY.

Signed :

ALEXANDER A. CARSON, Chairman

NORTON P. POTTER

CHARLES J. JORDAN

ANNUAL REPORT

OF THE

Thayer Public Library

OF THE

TOWN OF BRAINTREE

FROM

December 31, '32 to December 31, '33

Printed by Order of the Town

REPORT OF THE TRUSTEES OF THE THAYER PUBLIC LIBRARY

Braintree, Mass.

To the Citizens of Braintree:

The most noteworthy fact to record in this report for 1933 is the large and steady increase in the circulation of the books from the Thayer Public Library and its branches.

In 1929, our circulation of books had reached a total of 57,838; in 1930, this circulation jumped to 77,444. In 1931, the increase again mounted to 102,433, and in 1932, the circulation reached the astonishing total of 132,531. One would have thought the circulation for 1933 would have remained at approximately the same level as in 1932, but the fact is that there has been a further marked increase during the past year that brings our grand total up to 146,933, an increase of over 250 per cent since 1929! The Braintree public has manifestly wanted books more than at any other time during the depression. When we stop to realize how much the circulation of our books, so rich in their choice and variety, has meant to our people, how much it has cheered them and lifted them out of their discouragement and their despondency, we must conclude that our Library service has been one of the very best depression investments.

On December 31st, 1933, our Library and its branches owned 29,208 books. During the past year

2,714 books have been added and 968 discarded as unfit for use.

During the latter part of December, 1933, the two branches, which for several years have been located in the Jonas Perkins School and at 194 Quincy Avenue, East Braintree, were closed, and a new attractive branch opened at 25 Quincy Avenue. The wisdom of this change already has been clearly shown, for the circulation of the new branch has been 4,098 in January 1934, as compared with a circulation of 2,769 from the two former branches combined in January 1933. This means an increase in circulation during a single month of 1,329.

During the latter part of 1933, the Civil Works Administration furnished labor and material, and extensive repairs have been made to the slate roof on the main library building; several of the rooms, as well as the exterior of the building, have been repainted. At the present time, ten women are being employed in cleaning and dusting books at the main library. Many books are being repaired by experienced people. The Library can well utilize the services of employed helpers in binding a number of our books which are rapidly wearing out as a result of their greater use through increased circulation.

Our deepest regret as Trustees, called upon to administer the Library and its branches in the service of the public welfare, has been that with the steadily increasing demand for our Library facilities, there has been such a drastic cut in our Library budget. This has been most keenly felt in our reduced appropriation for the purchase of books and in the fifteen per cent reduction in the salaries of our librarian and her assistants. In spite of the fact that our librarian has served the town of Braintree with conspicuous fidelity

for twenty-eight years and earned a deserved reputation as one of the outstanding librarians in the Commonwealth, nevertheless, she is now receiving a salary of less than \$1400. This is several hundred dollars less than the salary paid the librarian of any of the towns in Massachusetts of corresponding population. The salaries of her assistants are on the same correspondingly low scale. These things ought not to be, and it is the earnest hope of the Board of Trustees that the citizens of the town will right this grave injustice at its next Town Meeting.

Curtailment in book purchases for our Library and its branches must result in an increasingly lamentable inefficiency in the necessary tools of research, the basic books of today which will be needed in the life and work of tomorrow. The Thayer Public Library and its branches are no longer an experiment. They have proved their worth and already made an invaluable contribution to the life of our people. They should serve increasingly the needs of the children in our public schools, and become more and more the cultural center for the adult education that it is our manifest duty to serve as fully as possible in the years to come. Let us not be so short-sighted as to cripple our library and its branches by niggardly and hopelessly inadequate annual appropriations.

Respectfully submitted,

STACY B. SOUTHWORTH, Chairman
ALBERT E. AVERY
MABEL S. ROGERS
CLARA G. WETHERBEE
JOHN W. HARDING

ANNUAL REPORT

OF THE

Town Engineer

OF THE

TOWN OF BRAINTREE

FROM

December 31, '32 to December 31, '33

Printed by Order of the Town

REPORT OF THE TOWN ENGINEER

To the Honorable Board of Selectmen:

Gentlemen:

I herewith respectfully submit the fourth annual report of the Engineering Department for the year ending December 31, 1933.

This department was without the services of a clerk from April to August due to curtailed appropriations. This made it very difficult for the Engineer to be in the office and do the necessary field work. A clerk is important as there should be someone in the office at all times. We had an opportunity to correct this, however, and have had a clerk since August 1, thereby giving the Engineer more time to do outside work.

HIGHWAY DEPARTMENT

During the past year this department has been called upon to furnish lines and grades for the following:

CURBING

Sterling St.—north side—from Weymouth line 600' west.

Allen Street—south side—from Quincy Ave. 950' west.

SIDEWALKS

Independence Ave.—west side—from Cen-

ter St. 1200' north.

Washington St.—east side—from Peach St. to Standish Ave.

Washington St.—east side—Holbrook Line.
Elmwood Avenue—south side—from Tremont St. to Sumner Ave.

DRAINS

Elmwood Park—from No. 22—250' west.

Walnut Street—from West St. 80' north.

Judson Street—from Oak St. 500' west.

C. W. A. PROJECTS

Lines and grades were furnished for the following C. W. A. Projects:

Hollis Field—Tennis Courts.

Watson Park—Sea Wall—560'.

Smelt Brook—Line for retaining wall.

Argyle Road—from Trefton Drive to Gordon Rd.

Pearl Street—from Crawford Rd. to Liberty St.

West Street—from Blue Hill River Rd. to Randolph Line.

Several plans for present C. W. A. Projects, together with plans for proposed projects, were furnished by the Engineering Department for various departments.

ELECTRIC LIGHT DEPARTMENT

At the request of the Light Department we have staked out locations for 102 poles to be set or reset by them.

We also made a plan of pole locations on Lakeside Drive from Granite Street to Sunset Road and a portion of Sunnyside Avenue.

WATER DEPARTMENT

We have made plans at the request of the Water Department showing ties to water gates and checking property lines.

SCHOOL DEPARTMENT

This department was called upon to stake out fence lines at the Monatiquot and Penniman Schools and check the north property line of the Highland School for the School Department.

PARK DEPARTMENT

At the request of the members of the Park Department we have given lines and grades for tennis courts. The fence line for the south line of Hollis Field was also furnished.

GENERAL

This department during the past year has located and tied in 630 stone bounds from old layouts made ten to forty years ago and have been put on the working plans. These bounds can be reproduced very easily. A record of these is also kept in our field books. This represents about 30% of the old plans that should be checked.

Of the 630 stone bounds located and tied in, 66 have been set or reset on the following streets:

Abbott Street	3
Academy Street	8

Arborway Drive	1
Ardmore Street	2
Arthur Street	6
Ash Street	1
Atherton Street	4
Audubon Avenue	2
Beechwood Road	9
Bellevue Road	4
Bickford Road	4
Bowditch Street	3
Charles Street	2
Cleveland Avenue	2
Columbian Street	2
Commercial Street	2
Ellsworth Street	1
Hayward Street	1
Middle Street	2
Spruce Street	1
Talbot Road	2
Townsend Avenue	2
West Street	2

We have had numerous requests for house numbers and have given them our prompt attention.

This department has been called upon several times in the past year for street lines and grades where there are walks, drives and retaining walls being built.

ASSESSORS

All deeds and land divisions that have been recorded have been checked and sub-divisions made on all plans accordingly.

We are now locating and measuring all new buildings and plotting them on working plans, tracings and assessors' prints.

There are approximately 130 new buildings to be located and put on plans and about 15 to be taken off that have been torn down. When this work is finished the plans will be up to date.

I wish at this time to extend my appreciation for the co-operation I have received from the Selectmen and all Town Departments.

Respectfully submitted,

JOHN J. DRINKWATER,
Town Engineer..

REPORT OF SEWER COMMISSIONERS

To the Citizens of the Town of Braintree:

We respectfully submit our report for the year ending December 31, 1933. During the past year the Commission lost a valued member in the death of Mr. William D. Aitken who died on November 28. For many years Mr. Aitken has taken an active part in Town affairs. His last public service as a member of the Sewer Commission was invaluable to the Town and his loss is felt keenly. Mr. C. Frederick Tarbox has been appointed to fill the vacancy caused by the death of Mr. Aitken.

NEW SEWERS CONSTRUCTED

The following sewer construction work was undertaken and completed during the year.

6 inch	.08 miles
8 inch	3.28 miles
12 inch	.03 miles
24 inch	.03 miles
27 inch	.11 miles
30 & 36 inch	.05 miles
<hr/>	
Total 1933 Construction	3.58 miles
Previous Construction	9.95 miles
Total constructed to date	13.53 miles

Hand labor was used wherever possible on all construction work. During most of the construction period about 200 men were employed all of whom were residents of the Town. Supplies and materials

were purchased from local dealers and merchants whenever possible. Certain equipment required for the proper execution of the work was hired at contract rates secured through competitive bidding. Considerable equipment was obtained from the Highway Department including trucks, steam roller, a trench pump and miscellaneous items. Most of the gravel used for underdrains and resurfacing was taken from the Town gravel pit at a cost substantially less than could have been obtained elsewhere.

A \$10,000 Civil Works Project was started on December 4 giving employment to about 60 men. This project provides for the construction of 1,400 feet of 8 inch sewer and will cost the Town about \$3,000, the balance being paid out of the allotment made to the Town by the State Civil Works Administration.

Plans of all sewers constructed thus far are on file at the office of the Sewer Commission at the Town Hall and may be seen during office hours.

PROPOSED FEDERAL PUBLIC WORKS PROJECT

An application was prepared and approved by a Special Town Meeting for \$150,000 of lateral sewer construction to be carried on under the Federal Public Works Administration. The application was approved by the State Board and has been sent to Washington. It is estimated that this project would provide work for more than 200 men for a period of about 9 months.

CONNECTION WITH SOUTH METROPOLITAN SYSTEM

The Metropolitan pumping station which was built to serve the Braintree-Weymouth district was

completed and put into operation late in November, 1933. The Town received official notification and authority to discharge sewage into the South Metropolitan System December 1st. The completion of the Metropolitan pumping station makes available for use all sewers constructed in the Town.

SEWER ASSESSMENTS & HOUSE CONNECTIONS

At the Special Town Meeting held November 27 it was voted that the Town should pay 40 % of the cost of its sewage system, and that the remaining 60 % would be assessed against properties abutting upon sewerred streets at the rate of \$1.00 per linear foot of frontage and \$0.01 per square foot of area for a depth of 100 feet.

House connections will be made by the Sewer Department following the filing of an application by the property owner on a form provided by the Sewer Commission. The entire cost of such connection shall be borne by the applicant. In accordance with Section 12 of Chapter 17 of the Acts of 1930 there has been adopted and published a set of rules and regulations for house sewer connections. A copy of these may be obtained at the office of the Sewer Commission.

FINANCIAL STATEMENT

The financial condition of the construction account is shown by the following statement:

Number admitted during 1933	7
Number cared for during 1933	20
Discharged to other institutions	4
Discharged to State Infirmary	0
Discharged to relatives	0
Discharged to care for self	3
Died	1
Number of Inmates at Infirmary Dec. 31, 1933 ..	12

Respectfully submitted,

MRS. L. N. GOLDEN.

ANNUAL REPORT

OF THE

Planning Board

OF THE

TOWN OF BRAINTREE

FROM

December 31, '32 to December 31, '33

Printed by Order of the Town

REPORT OF THE PLANNING BOARD

The Planning Board presents its report for the year 1933.

There was one change in the personnel of the Board during the year. Shortly after the Annual Town Meeting, Mr. George N. Watson was succeeded, as the Town Engineer member of the Board, by Mr. John J. Drinkwater Jr. The Planning Board desires to express its appreciation of the valuable assistance of Mr. Watson in the activities of your Board, particularly with reference to directing the work of the men engaged on the topographic surveys made in several sections of the town and for many helpful suggestions on various occasions.

COMPREHENSIVE PLAN

In its report for the year 1932, the Planning Board emphasized the importance of carrying out the second stage of the Comprehensive Town Plan and suggested the preparation of that part of the plan in the near future. Your Board feels that the need of such a Plan is becoming more urgent each year and serious consideration should be given to its completion at the earliest possible moment. Our town will undoubtedly experience a rapid growth during the next decade, with the new sewer in operation and improved train service at Braintree, and it is vitally important that the development of the town shall proceed in accordance with a definite pre-arranged plan.

TOPOGRAPHIC SURVEYS

During the first five months of the year, the Board continued to have the benefit of the services of three surveyors employed by the Emergency Planning and Research Bureau of Boston. These men completed the topographic surveys and plans which were not quite finished in the preceding year and in addition made the following surveys and plans in 1933.

LOCATION OF BROOKS

(with topography for width of 200 ft.)

1. Brook from Hollis Avenue (source) across Storrs Avenue and Common Street to Old Colony R. R. Branch line Culvert.
2. Brook from Quincy Reservoir (source) across Walnut Avenue to Brook from Hollis Avenue to Common Street.
3. Brook from Fallon's Lower Pond (source) across Granite Street to Quincy Reservoir.
4. Location of Fallon's Lower and Upper Ponds including connecting brook and inlet brook for about 400 ft. West.
5. Brook from Shaw Street culvert to concrete culvert under Quincy Avenue.
6. Location of Wood Road (Purgatory Road) (with topography for 200 ft.)
7. Fallon's Upper Pond to Blue Hill River Road.
8. Topographic Survey of proposed road connecting Washington Street near Storr's Square to Granite Street (partly completed).

As Explained in our report of last year this work was obtained by the Board at practically no expense to the Town. The work came to an end about June 1st, due to lack of funds available at the Emergency Planning and Research Bureau with which to keep the men employed. Your Board has a deep sense of gratitude to the Bureau for the services of three to four surveyors for a period of more than a year. The results of their work have been very satisfactory and the plans prepared by them, which constitute a permanent record of their work, will eventually be of great value to the town.

RECOMMENDATIONS

(a) COMPREHENSIVE TOWN PLAN

The Planning Board, realizing the continued need of economy in the annual appropriations of the town, has not requested an appropriation to continue work on the comprehensive town plan, the first stage of which was completed in 1931, as it does not feel that town funds should be made available this year for that purpose.

Your Board, however, wishes to again emphasize the importance of completing this plan as soon as possible and it recommends that the money necessary be made available as soon as possible.

(b) CIVIC CENTRE

The further development of a civic centre in the vicinity of the Town Hall has been urged by the Planning Board for several years. It was recommended that land be acquired on the east side of Washington Street opposite the Town Hall for extending the civic

centre. The Board still feels that acquisition of this property is very desirable and that its cost would be returned to the town in the increased valuation of the property in the immediate vicinity of this development. Already a portion of the land originally proposed for the extension of the civic centre has been taken for residential purposes. In the opinion of the Planning Board this property can still be obtained at a very reasonable cost and we recommend that further consideration be given to its purchase in the near future.

(c) STORR'S SQUARE—GRANITE STREET

HIGHWAY SURVEY

The need of a direct highway from Washington Street in the vicinity of Storr's Square and westerly to Quincy Reservoir and along the north side of the reservoir to Granite Street has been recognized by the Board for some time. The property west of Washington Street is likely to develop rapidly at the first sign of a recovery in building construction. At the present time no apparent attempt has been made by the various owners of property between Washington Street and Granite street to sub-divide the various properties in a way which would give a direct highway between these two main arteries.

The engineers furnished by the Emergency Planning and Research Bureau during the past year undertook surveys to be used as a basis for determining the most desirable location for a through highway from the vicinity of Storr's Square to Granite Street. This work was done under the direction of the Town Engineer. The topography has been obtained from

Granite Street to the Quincy Reservoir and sufficient information with regard to the location of houses and various other features which might influence the location of a through highway for that portion of the route have been secured. This survey should be completed when an appropriation for that purpose can be made available, so that the best location for a highway may be determined.

(d) HAZARDOUS INTERSECTIONS

A number of hazardous intersections have been considered by the Board and the following are pointed out with the hope that the Town Highway Department will consider the advisability of eliminating as many as possible during the next year or that they be included as CWA projects.

1. The junction on Liberty Street of Middle and Pearl Streets.
2. The corner at the bottom of Mill Lane, East Braintree, where the entrance to the bridge is obscured by Old Colony R. R. barn.
3. The dangerous condition existing at Capen's Bridge coming south on Washington Street.
4. The hazard at corner of Allen Street swinging left to the north into Quincy Avenue. The street entrance is too narrow and should be widened.
5. The bridge over the New Haven Railroad at Braintree Highlands is too narrow and curves at the east and west entrances are too abrupt.
6. There is a bad corner at Allen and Commercial Street going east from Allen Street into Commercial Street.

The Board recommends that surveys be made, plans provided, and estimates prepared for correcting these hazardous locations.

(e) PROPOSED PLAYGROUND

During the year a suggestion was made to the Board that the Town acquire the land along the Monatiquot River, north of Union Street for playground purposes, said land to be filled in under the direction of the Board of Health. This is mostly swamp land and if a strip of land 200 ft. wide on each side of the river could be procured it would form the nucleus upon which a parkway could later be developed.

ACKNOWLEDGMENT

Your Planning Board desires in this report to express its appreciation of the fine spirit of co-operation which its ex officio member, Mr. John J. Drinkwater Jr., Town Engineer, has shown in all dealings with it. He also placed the facilities of his office at the disposal of your Planning Board, to be used by them as a regular meeting place, and to file records and plans.

Acknowledgment also should be expressed in this report of the consideration shown by the Emergency Planning and Research Bureau of Boston in making available to the Town the services of three to four surveyors not regularly employed, but paid by the Bureau out of funds subscribed for this purpose. As stated in your Planning Board's 1932 Annual Report, the plan of operation was such as to be non-interfering with employees working regularly on public work. Up to the time of their termination in the early summer,

their work was a continuation of that as outlined in the Board's 1932 Annual Report, and in connection with the future development of your Town should prove invaluable. The survey work done and topographic plans as completed represent more than a year's work for the engineers thus employed, and we know that this activity was mutually satisfactory to all parties involved.

INVITATION

Your Planning Board would not consider its Report complete unless it included an invitation to any and all interested citizens to submit suggestions and constructive criticisms to its Chairman or any of its members. Items concerning street, park and future planned development may all be included. Naturally all of our residents are interested in the general good appearance of their Town, and the impression that it may make on visitors and prospective new residents. Let the Town reflect your active interest and best suggestions.

Furthermore, careful Town planning, which concerns future development and growth as well as present problems, permits the application of economical business methods in the completion of approved projects. If our homes with their small areas and construction must be planned, how much greater the necessity for planning your town with its thousands of homes and miles of streets, together with its public grounds and buildings.

Kindly co-operate and communicate with Mr.
Joseph W. Parker or Mr. Archie T. Morrison.

Respectfully submitted,

JOSEPH W. PARKER, Chairman

J. CALEB JUSTICE, Secretary

JOHN F. CLINTON

SAMUEL M. ELLSWORTH

JOHN J. DRINKWATER Jr, Town Engineer

ZONING COMMITTEE REPORT FOR THE
YEAR 1933

Your Zoning Committee has not found it possible to complete its work on the proposed Zoning Map and By-Law so as to place it before the Town for vote in March 1934. It therefore asks the Town to accept the Committee's report of progress and to continue the Zoning Committee carrying over last year's appropriation in order to complete the proposed Zoning By-Law for submission to the Annual Town Meeting in March 1935.

Respectfully submitted,

KENNETH G. BLODGETT, Chairman
J. CALEB JUSTICE, Secretary

--------------------------	-------

BOARD OF HEALTH WORK

General clean up	271.75
----------------------------	--------

\$20,471.95

Owing to the 1933 appropriation being the smallest amount of money appropriated for the Highway Department in the past sixteen years this limited the work of the Highway Department to a strictly general maintenance program. No major construction work was attempted owing to the limited funds for materials. Labor was plentiful from the Welfare Department up to November, after which time all efforts of the Department had to be put into the C. W. A. projects. I do hope however that the recommendations in the 1934 budget are voted as recommended as the help sent to the Highway Department for work to be paid for by grocery orders is not satisfactory, and I find that by paying the men in cash, better results are obtained, as there can be no saving to the taxpayers by paying for Highway Work through the Welfare Department.

I wish to bring to the attention of the citizens that as an economy measure during 1933 the permanent staff was cut down from 18 men to 11 men, and as a result was felt most effectively against the efficiency of the Department during the snow storms, as a snow storm requires trained men which consist of 5 Tractor Drivers and 10 Truck Drivers if the Tractors and Trucks have to give a 24 hour service.

This year 1934 confronts us with a new truck problem, also the old story of the recommendation of an air compressor, which has been recommended three or four times previously, as the cost of hiring an air compressor very soon pays for one.

In conclusion I wish to extend my thanks to the Honorable Board of Selectmen, and to the members of the Finance Committee for their co-operation and

interest in the Highway Department, together with the co-operation of all other Town Departments.

Respectfully submitted,

FRED AUSTERBERRY,

Supt. of Highway Dept.

RECOMMENDATION FOR HIGHWAY

DEPARTMENT FOR THE YEAR 1934

I recommend the following sums of money be appropriated for the support of the Highway Department, including labor, repairs to highways, Town ways and bridges; also for repairs to sidewalks, stone roads, removal of snow, oiling of streets, drainage, and purchase of and repairs to equipment for said department as follows:

Superintendent of Streets—Salary \$ 3,500.00

GENERAL:

Permanent Men (11 Men)	19,377.30
Maintenance	7,800.70
Patching	6,800.00
Tarvia & Sanding	10,500.00
Street Cleaning	4,700.00
Drains & Catch Basins	6,300.00
Repairs to Equipment	6,700.00
Flashlights	450.00
Fences & Guard Rails	900.00
Street Signs	425.00

Quincy Avenue Bridge	275.00
Repairs to Bridges	150.00
Snow Removal	8,000.00
Cement Curbing	9,000.00
	<hr/>
	\$81,378.00

CEMENT CURBING

Lineal Feet

BRAINTREE

Union Street—From Cleveland Ave. to Middle Street North Side	1810
Hunt Avenue South Side	1000

SOUTH BRAINTREE

Holbrook Avenue South Side.....	600
Taylor Street South Side.....	750
Central Avenue South Side.....	1200
Summer Street—From Tremont St. to Frank- lin Street South Side.....	300

EAST BRAINTREE

Allen Street—From Shaw Street to 500 Lin. Ft. East South Side.....	500
Shaw Street—From South's Store to Welling- ton Street East Side.....	1000
Hayward Street—From Howard Street to Shaw Street North Side.....	1350
	<hr/>
	8510

Estimated Cost \$1.00 per Lineal Foot.

REPLACEMENT OF EQUIPMENT

3½ Ton G. M. C. Truck, Purchased April 29, 1929.
Replaced by 3½ Ton Truck.

5 Ton White Truck, Purchased April 24, 1925. Replaced by 3½ Ton Truck.

Two-Bag Cement Mixer, Purchased Year 1924. Replaced by Two-Bag Concrete Mixer.

Asphalt Mixing Plant, Purchased April 15, 1923. Replaced by Asphalt Mixing Plant complete with 400 cu. yd. capacity per day of 8 hours.

1 Ton Reo Truck Chassis, Purchased Year 1926 for Police Dept. and given to Highway Dept. April 1, 1931. Replaced with 1½ Ton Truck Chassis.

NEW EQUIPMENT RECOMMENDED

Air Compressor, mounted on Truck with Tools complete.

Air Compressor Drill Sharpener with Tools complete.

ANNUAL REPORT OF THE TREE WARDEN, TOWN
OF BRAINTREE, MASSACHUSETTS

December 31, 1933.

To the Citizens of the Town of Braintree, Mass.:

I herewith submit the report of the Tree Department for the 1933 fiscal year:

General appropriation \$800.00

Expended,

Removing dead trees on: Arborway Drive, Ash St., Central Ave., Hayward St., Holbrook Ave., Hollis Ave., Monatiquot Ave., Sterling St. and Tremont St., Union St. and Vine St.

Trimming dead or interfering branches and/or removing roadside brush on: Cleveland Ave., Division St., Elmwood Park, Elmwood Ave., Harrison Ave., Hobart St., Holbrook Ave., Middle St., Monatiquot Ave., Robinson Ave., Tremont St., Washington St. and Union St. \$800.00

The town was indeed fortunate in receiving a gift from the Braintree Improvement Society, made available thru the efforts of the Philergians' Civics Committee. This gift made it possible for the town to be further beautified with new trees and shrubbery in the most needed places, under my supervision and without expense to this department.

I am grateful to the many friends of the town's trees who have at various times called me in the interest of the trees, for it is encouraging to know that many of our townspeople take an active interest in preserving and further beautifying our town's most beautiful assets.

Owing to the limited appropriation it was possible to give attention to only those trees in the poorest of condition. However, as may be seen from the above, as large an area as possible was covered. There were in addition to the above many calls incidental to the preservation of the trees in line with public utility passages.

In all cases I have exercised the greatest of care in the strict interest of the trees.

Yours in citizenship,

C. R. BESTICK,

Tree Warden.

REPORT OF THE SELECTMEN FOR 1933

The Board of Selectmen feel confident that the citizens and tax-payers of the Town of Braintree appreciate the fact that the past few years, have been the most unfavorable times in the history of the Town for any man to hold a public office.

With the so-called "Depression", came a most abnormal unemployment situation, and it naturally followed that the welfare ranks increased tremendously as a result.

Not only were those unfortunate enough to be out of employment affected by reason of the depression, but also most of those who were still employed have suffered financially by reason of the fact that they were compelled to accept reduced wages, and in many cases, to help out relatives or friends in need.

Through these trying times, the Selectmen have made a conscientious endeavor to conserve the taxpayers' money. We eliminated the purchase of all unnecessary supplies and materials, such as sidewalk snow plow tractors, etc. We awarded every bid for Coal, Oil, Cement, and other materials, to the lowest bidders, contrary to the practice that prevailed for the years immediately preceding 1932. We leased a gravel pit for a seven-year period, at a cost of \$500. per year, which lease has saved the people of Braintree better than \$100,000. in the cost of sand, gravel and crushed stone.

We saved more than \$1000. per year on the grocery and provision account at the Infirmary, and at the same time gave the inmates the best food and the

finest sanitary conditions. We saved thousands of dollars in the expenses of the legal department. We saved thousands of dollars in insurance cost on town properties, and we made numerous other savings.

In 1933 the drain upon the Town treasury was increased tremendously by reason of the greatly increased Welfare rolls. In spite of this, the tax rate remained the same for the year 1932 as in 1931, and in 1933 the tax rate was reduced one dollar and forty cents per thousand. This, despite the fact that the valuation of the Town was reduced nearly \$1,000,000. Had valuations remained the same as in 1932, the tax rate would have been decreased at least \$3.40 per thousands.

During the past two years, we had much less money to spend for Highway Construction than was available during the years when better times prevailed, and it was, therefore, impossible for us to give out work to all our unemployed in Braintree.

However, those who needed aid or employment have been taken care of, as well as, and in most cases better, than those in neighboring towns and cities, who were in similar circumstances.

Through the efforts of the administration, and with unusual and effective work on the part of Mrs. Elsie Y. Woodsum, Chairman of the Board of Public Welfare, we received during the closing months of 1933 and the first two months of 1934, over \$30,000. of Federal money for Civil Works projects. This sum far exceeds our quota, and is larger than the amount received by other towns of our size in Massachusetts.

If we had not received this money for our unemployment payrolls, our welfare costs would have far exceeded any year yet during the depression.

Had not the present administration leased the large gravel bank hereinbefore mentioned, it would have been impossible for us to have proposed our three major projects for Civil Works—namely, West Street, Pearl Street and Argyle Road.

In other words, it has taken a tremendous amount of fill and gravel for these projects, and our funds would not have permitted us to purchase these, had we been in the same position as in other years, when we had to go out and buy these materials in the market at high prices.

On the Civil Works projects, the Town has also saved thousands of dollars in the repairs and painting of town buildings.

We have tried to be fair and just with the citizens and tax-payers of Braintree during these abnormal years. We feel that we have given an economical administration, particularly during the past two years. At all times we have tried to render every possible service to the tax-payers and citizens, when called upon to do so.

(Signed) JOHN H. CAHILL

Chairman of the Board of Selectmen,
Town of Braintree.

REPORT OF THE WATER COMMISSIONERS

The Board of Water Commissioners submit the Annual Report of the Water Department for the year ending December 31, 1933.

The completion of the Filtration Plant at Great Pond has been delayed on account of the early spell of cold weather.

Work on the plant has now reached the point that it seems likely that it will be in operation on or about March 15th, and that the cost of construction will not exceed the sum appropriated for the project.

Following are the reports of the Treasurer, Secretary, Registrar, Collector, and Superintendent.

GEORGE A. WALKER, Chairman

THOMAS E. SEARS

JOSEPH LANDERS

Board of Water Commissioners

IMPORTANT NOTICE TO WATER TAKERS AND PROPERTY OWNERS

In accordance with the provisions of a recent Act of the Massachusetts Legislature, accepted by the Town of Braintree.

UNPAID WATER BILLS ARE A LIEN ON REAL ESTATE and payment of same can be enforced through sale of the property by the Tax Collector in the same manner as in the collection of taxes.

The practice of SHUTTING OFF the supply for NON-PAYMENT of DELINQUENT BILLS is NOT AFFECTED by the lien law in any way.

All water bills are "DELINQUENT" if not paid within TWENTY DAYS after they are rendered and become due.

CHANGING OWNERSHIP OF PROPERTY

When buying or selling real estate it is important that ADJUSTMENT of WATER BILLS be made as of date of transfer in like manner as for taxes.

To assist in making such adjustments the Water Department Office will gladly furnish meter readings and other desired information upon application.

The names and addresses of new owners should be given PROMPTLY to the Water Office, in order that ensuing bills may be properly rendered and possible unnecessary expense and annoyance avoided.

We desire to express our appreciation to those conveyancers who—without the incentive of a lien law—have previously provided for such adjustments of water rates in the transfer of property and request a general similar co-operation in future transfers of property to the mutual advantage of all concerned.

H. W. MACOMBER,
Water Registrar.

PLAYGROUND ACTIVITIES FOR THE SEASON OF 1933

PRECINCT 1—FRENCH'S COMMON

The grass at the playground was kept cut all season.

The Baseball diamond was kept in good repair.

One Tennis Court was resurfaced with amesite.

50 ft. of chain link was installed on south side fence.

A great many people attended the baseball games and the tennis courts were well patronized.

PRECINCT 2—HOLLIS FIELD

100 ft. of chain link fence was installed.

The baseball back stop was extended 12 ft. higher.

A large amount of grading was done on the field near the dump.

The White Sox baseball team played all of their big games here.

The tennis courts were in demand all summer and it was flooded for skating this past winter; the children made good use of this.

PRECINCT 3—WATSON PARK

Two tennis courts were surfaced with amesite.

The baseball diamond was graded.

The grass was kept cut.

The baseball diamond was in use every night during the season.

The tennis courts were very well patronized and were used morning and night.

ADAMS STREET PLAYGROUND

The back stop was repaired and the grass cut.

The smaller boys used this field to advantage at all times.

ORGANIZED PLAY

At the above playgrounds the children were under the supervision of Miss Diauto, Watson Park; Miss Cleary, French's Common, and Miss Boardman at Hollis Field. The attendance each day was in the neighborhood of 375 children who took part in instructions in sewing, wood work and games. They thoroughly enjoyed their daily visits and under the watchful eye of the above instructors turned out many useful articles. Appreciation of the teachers efforts was manifested in the large number of mothers who also visited the parks to congratulate the children's counsellors.

WILLIAM C. MITCHELL,
Secretary of Park Board.

WARRANT

FOR THE

Annual Town Meeting

Norfolk, ss. To either of the Constables of the Town of Braintree. Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the inhabitants of the Town of Braintree, qualified to vote in elections therein, to meet at the polling places in their respective Precincts, to wit:—

Polling Place in Precinct 1, Town Hall.

Polling Place in Precinct 2, Legion Building, Hollis Avenue.

Polling Place in Precinct 3, Hose House, Allen Street.

On Monday, the fifth day of March, 1934, at five forty-five o'clock in the forenoon, then and there to bring into the Wardens of their respective Precincts

their votes on the official ballot for a Moderator, Town Clerk, a Town Treasurer, One Selectman for a term of three years, one member of the Board of Public Welfare for a term of three years, one member of the Board of Public Welfare for a term of one year, one member of the Board of Assessors for a term of three years, one Water Commissioner and Commissioner of Sinking Funds for a term of three years, two members of the School Committee for a term of three years, one member of the Municipal Lighting Board for a term of three years, one member of Board of Health for a term of three years, one Sewer Commissioner for a term of three years, one Sewer Commissioner for a term of one year, two Trustees of Thayer Public Library for term of two years, one Park Commissioner for a term of three years, one Park Commissioner for a term of two years, one Park Commissioner for a term of one year, a Tax Collector, a Tree Warden, two members of the Planning Board for a term of three years, and fifteen Constables.

The Polls will be opened at five forty-five o'clock in the forenoon and will be closed at three o'clock in the afternoon.

You are further directed to notify and warn the said inhabitants qualified to vote as aforesaid, to meet at the Town Hall in said Braintree on Monday, the twelfth day of March, 1934, at seven forty-five o'clock in the evening, then and there to act upon the following articles, namely:—

Article 1. To choose all Town Officers, except those elected by ballot.

Article 2. To see if the Town will vote to authorize the town treasurer, with the approval of

the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1934, and to issue a note or notes therefor, payable within one year, and to renew such note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws; any debt or debts incurred under this vote to be paid from the revenue of the financial year beginning January 1, 1934.

Article 3. To see if the Town will vote to authorize the town treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1935 and to issue a note or notes therefor, payable within one year, and to renew such note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws; any debt or debts incurred under this vote to be paid from the revenue of the financial year beginning January 1, 1935.

Article 4. To see if the Town will vote to authorize the treasurer, with the approval of the Selectmen, to borrow money for general municipal purposes under authority of and in accordance with the provisions of Chapter 49 of the Acts of 1933, or take any action relative thereto.

Article 5. To hear and act upon the report of the several boards of Town Officers, and any committee, and to choose any committee the Town may think proper.

Article 6. To see if the Town will hold its Treasurer harmless on his bond for any loss which may arise from the failure of any National Bank or

Trust Company in which the funds of the Town may be on deposit, said Bank or Trust Company being designated by the Selectmen.

Article 7. To see if the Town will hold its Collector harmless on his bond from any loss which may arise from the failure of any National Bank or Trust Company in which the funds of the Town may be on deposit, said Bank or Trust Company being designated by the Selectmen.

Article 8. To see what sum of money the Town will vote to appropriate for the Reserve Fund for extraordinary or unforeseen expenditures during the current year.

GENERAL GOVERNMENT

Article 35. ON PETITION. To see if the Town will vote to rebuild Pearl Street from the Pearl Street Railroad Crossing to the Monatiquot River Bridge, and raise and appropriate a sum of money for the improvement of same.

Article 36. ON PETITION. To see if the Town will vote to construct a Sidewalk on School Street---

south side — from Washington Street to Stedman Avenue, and raise and appropriate a sum of money for the improvement of same.

Article 37. ON PETITION. To see if the Town will vote to accept CEDARCLIFF ROAD, so-called, westerly from Quincy Avenue to Shaw Street, and raise and appropriate a sum of money for the improvement of the same.

Article 38. ON PETITION. To see if the Town will vote to construct a DRAIN on Commercial Court, Precinct Three, and raise and appropriate a sum of money for the improvement of the same.

Article 39. ON PETITION. To see if the Town will vote to construct a DRAIN at the corner of Bickford Road and Quincy Avenue, and raise and appropriate a sum of money for the improvement of the same.

Article 40. To hear the report of the Selectmen relative to the laying out of the following streets, under the provisions of Chapter 82 of the General Laws, and to see if the Town will vote to accept said streets, as and for public ways, and will authorize the Selectmen to take by eminent domain, or acquire by purchase, any land necessary for said laying out; provide the sum or sums necessary to pay the cost of Land Damages thereof, or take any action relating thereto:

Bradley Road from Cleveland Avenue to Cross Street.

Pleasant View Avenue from Vinedale Road 800 feet West.

Arnold Street from Middle Street 1250 feet north.

Trefton Drive from Argyle Road to Vinedale Road.

Perry Road from Elmlawn Road to Bowers Road.

B. V. French Street from Middle Street to Arnold Street.

Carter Road from Pond Street westerly.

MISCELLANEOUS

Article 41. To see if the Town will vote to take by eminent domain or acquire by purchase, land belonging to Robert E. Whitman, bounded by Pond Street, Canal Street, Sunset Lake and the Canal leading therefrom, to reimburse him for Land Damages by reason of the flooding of said land, and to raise and appropriate such sum of money as may be necessary therefor.

Article 42. To see if the Town will vote to appoint a Deputy Sealer of Weights and Measures.

Article 43. ON PETITION. To see if the Town will vote to raise and appropriate \$2,000.00 for the purpose of acquiring land fronting on Cleveland Avenue, south of and adjoining land now known as the Penniman School grounds, such land to be for the purpose of increasing the school grounds and making possible the development of a playground area for community recreational activities.

Article 44. ON PETITION. To see if the Town will vote to restrict swimming in Sunset Lake to the inhabitants of the Town of Braintree.

Article 45. ON PETITION. To see if the Town will vote to authorize the moderator to appoint a committee of five to petition the Legislature not later than its next annual session for an act that will permit the voters to accept or reject, in such manner as the act may require, a Town Manager Form of Government substantially as set forth in a report received by the town at its 1932 Annual Town Meeting.

Article 46. ON PETITION. To see if the Town will vote to raise and appropriate the sum of eight hundred fifty eight (\$858.00) dollars to pay the annual pension of Peter Kearney, retired laborer, formerly employed by the Electric Light Department, said sum being an amount not in excess of one half the sum received by him by way of compensation annually at the time of his retirement.

Article 47. ON PETITION. To see if the Town will vote to amend its By-Laws regarding construction work, by adding the following section in Article 5:—'In construction work under all departments and in construction work under town contracts, a machine cannot be used in excavating or refilling for cellars or foundations, or pipe laying, and in excavating or refilling, in constructing and repairing of streets, except in excavating rock or ledge.' Provision:—The Selectmen may issue a special permit to use a machine when they consider and conclude that hand labor is too scarce, provided such machine will not create a nuisance in noise and dust to near-by inhabitants.

Article 48. ON PETITION. To see if the Town will vote to amend its BY-LAWS by adding a new section to refer to employees and adopt the following: 'All labor and mechanics employed by the Town and labor and mechanics employed working under a town contract, are permitted to work not more than 35 hours per week. Provision:—The Selectmen may issue a special permit to an employee to work longer time if after consideration they conclude that the satisfactory available help is absorbed and the exigency deems it best to do so. Permit to extend for 4 months or to take any other action relative thereto.'

Article 49. ON PETITION. To see if the Town will vote to raise and appropriate a sum of money to assist Braintree Post No. 86, American Legion and Braintree Post No. 1702, Veterans of Foreign Wars, in defraying expenses of Memorial Day as follows:—
Braintree Post No. 86, American Legion \$200
Braintree Post No. 1702, Veterans Foreign Wars \$150
For services of Braintree Post No. 86, A. L. Band \$150

Article 50. To see if the Town will vote to raise and appropriate the sum of \$1,521.34 to reimburse Clarence R. Bestick, Tree Warden of Braintree, for services rendered and materials supplied by him in connection with C. W. A. project No. 812 for tree trimming, the federal contribution to which was \$3,078.00 for labor.

Article 51. To see if the Town will vote to raise and appropriate a sum of money to cover the Town's share of materials, trucking and other necessary expenditures in connection with such C. W. A. projects as may be approved by the Finance Committee.

Article 52. To see if the Town will authorize the Moderator to appoint a committee to rename all streets which contain a duplication of name; and to see if the Town will vote to raise and appropriate a sum of money for this purpose, or take any action relative thereto.

Article 53. To see if the Town will authorize the Moderator to appoint a committee to co-operate with the Historical Society of Braintree in the celebration of Braintree's 300th Anniversary—1940.

Article 54. ON PETITION. To see if the Town will vote to raise and appropriate the sum of \$225.00 for the Salaries of the Auditors elected by the Town at the Annual Election of 1932.

Article 55. To see if the Town will authorize its Selectmen to sell at Public Auction, real estate now in its possession by reason of foreclosure of Tax Titles or otherwise, or take any action relative to the disposition of such property.

Article 56. To see what action the Town will take on unpaid bills for various departments for the years 1932 and 1933.

You are directed to serve this Warrant by posting true and attested copies thereof in three public places in each voting Precinct in said Town of Braintree, ten days at least before said fifth day of March, 1934, and by publishing the same once each week for two successive weeks in the Braintree Citizen, the first publication to be at least eight days before said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk before said meeting.

Given under our hands at Braintree, this twelfth day of February, in the year of our Lord, one thousand nine hundred and thirty four.

JOHN H. CAHILL
HORACE T. CAHILL
EDWARD AVERY

Selectmen of the Town of Braintree.

A true copy. Attest:

JOHN J. HEANEY,

Constable of Braintree.

Braintree, Mass., February 16, 1934.

Pursuant to the foregoing warrant, I hereby notify and warn the inhabitants of the Town of Braintree, qualified as expressed therein, to meet at the time and places mentioned, for the purposes therein mentioned.

JOHN J. HEANEY,

Constable of Braintree.

Warrant for Special Town Meeting

Commonwealth of Massachusetts

Norfolk, ss. To either of the Constables of the
Town of Braintree. Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Braintree, qualified to vote in Town affairs, to meet at the Town Hall, in said Braintree,

On Monday, the twelfth day of March, 1934 at eight o'clock in the evening, to act on the following articles, namely:—
